Group of Experts towards Unified Railway Law

Twenty-first session

Geneva, 16-18 October 2019

Item 2 (a) of the provisional agenda

Monitoring of the finalization of necessary documents

Documents related to contract of carriage relevant to the provisions of Unified Railway Law

Submitted by PKP CARGO S.A.

I. Background

1. At its nineteenth session, the Group of Experts towards Unified Railway Law (Group of Experts) continued its discussion on documents related to the contract of carriage that are in use under CIM and SMGS systems in addition to the consignment note and which may require modifications to their current formats if they are to be used under the provisions of Unified Railway Law (URL). The Group of Experts sought information on the relevance of those other documents to the URL provisions, and given the relevance of a document, on changes that may be required.
2. PKP CARGO S.A. with support of the secretariat prepared ECE/TRANS/SC.2/GEURL/2019/9, which lists specific documents related to the contract of carriage, indicates the document's relevance to URL and highlights sections of the documents for which modifications are required.
3. PKP CARGO S.A. identified one more document for consideration by the Group. This current document contains a proposal to add to the list of documents contained in ECE/TRANS/SC.2/GEURL/2019/9 one additional document as item 10.
4. The Group of Experts is requested to consider this current document together with ECE/TRANS/SC.2/GEURL/2019/9.
