#### **Transmitted by the Government of the United Kingdom**

#### **Introduction**

1. The informal working group on the improvement of the approval system has had a third meeting on the 23 May in Olching, several issues were discussed on how to improve the system of approval.
2. One such issue raised in the meeting was in the English text of the Model 12 test report "self-contained/not self-contained" is listed under category.
3. In the French and Russian translations "independent" and "dependent" are used so for clarity the model 12 test reports in the English version should use "independent" and "dependent".

#### **Original Text**

"(a) Technical specifications of the unit

Date of manufacture: ..... Make: .....

Type: ..... Serial No: .....

Category <sup>1</sup>

Self-contained/not self-contained

Removable/not removable

Single unit/assembled components"

## Proposed Amendment

4. We propose to amend the text as follows:

"(a) Technical specifications of the unit

Date of manufacture: ..... Make: .....

Type: ..... Serial No: .....

Category <sup>1</sup>

~~Self contained/not self contained~~

**Independent/dependent**

Removable/not removable

Single unit/assembled components"

## Impact

5. There is no financial impact but that change removes words not used elsewhere in the agreement and unifies the text.
