

Road transport statistics – Experience of
Republic of Macedonia

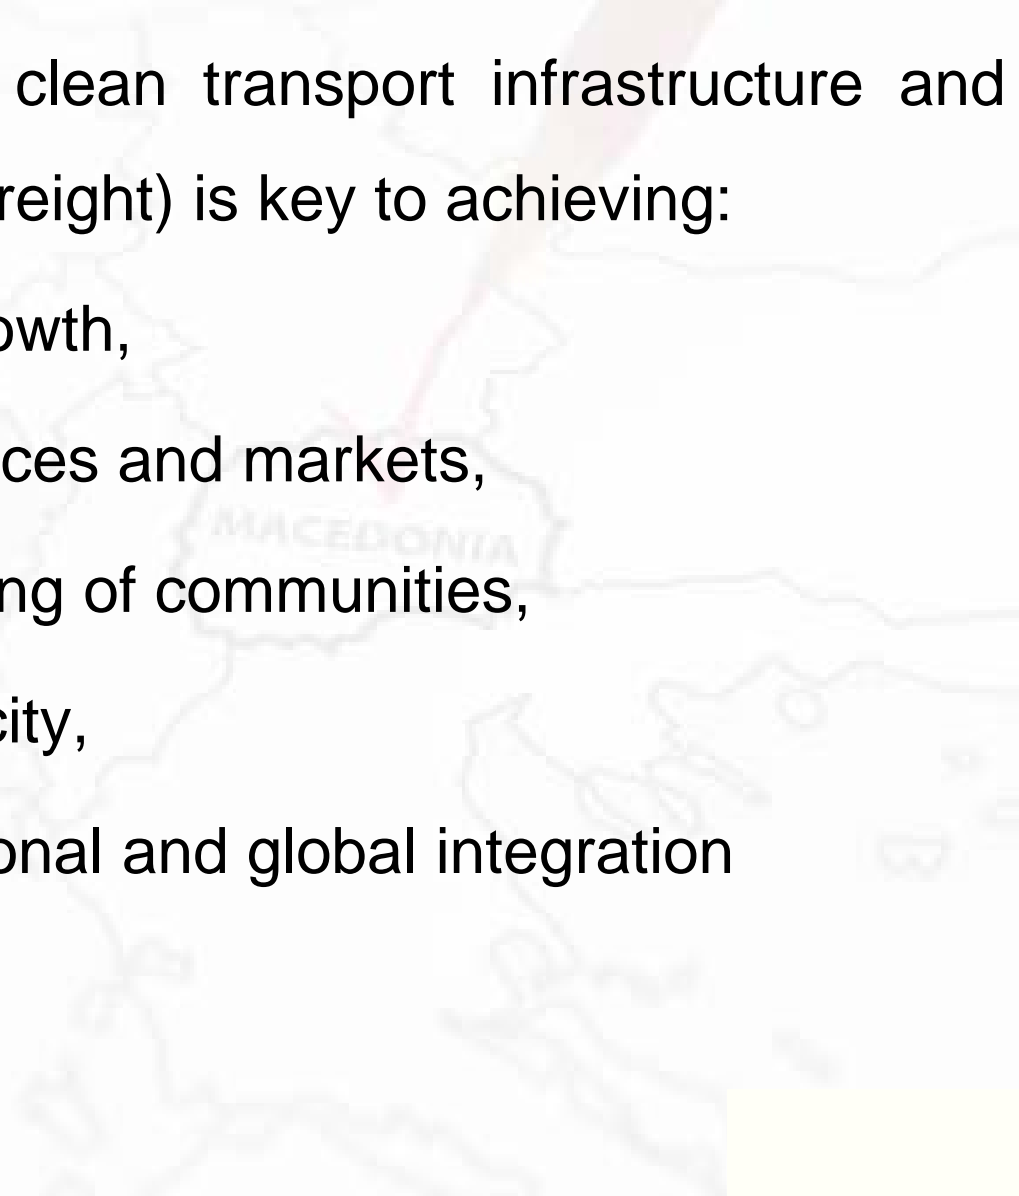

Transport infrastructure

Investing in efficient and clean transport infrastructure and services (passenger and freight) is key to achieving:

- Sustainable economic growth,
- Improving access to services and markets,
- Enhancing social well being of communities,
- Building productive capacity,
- Promoting trade and regional and global integration

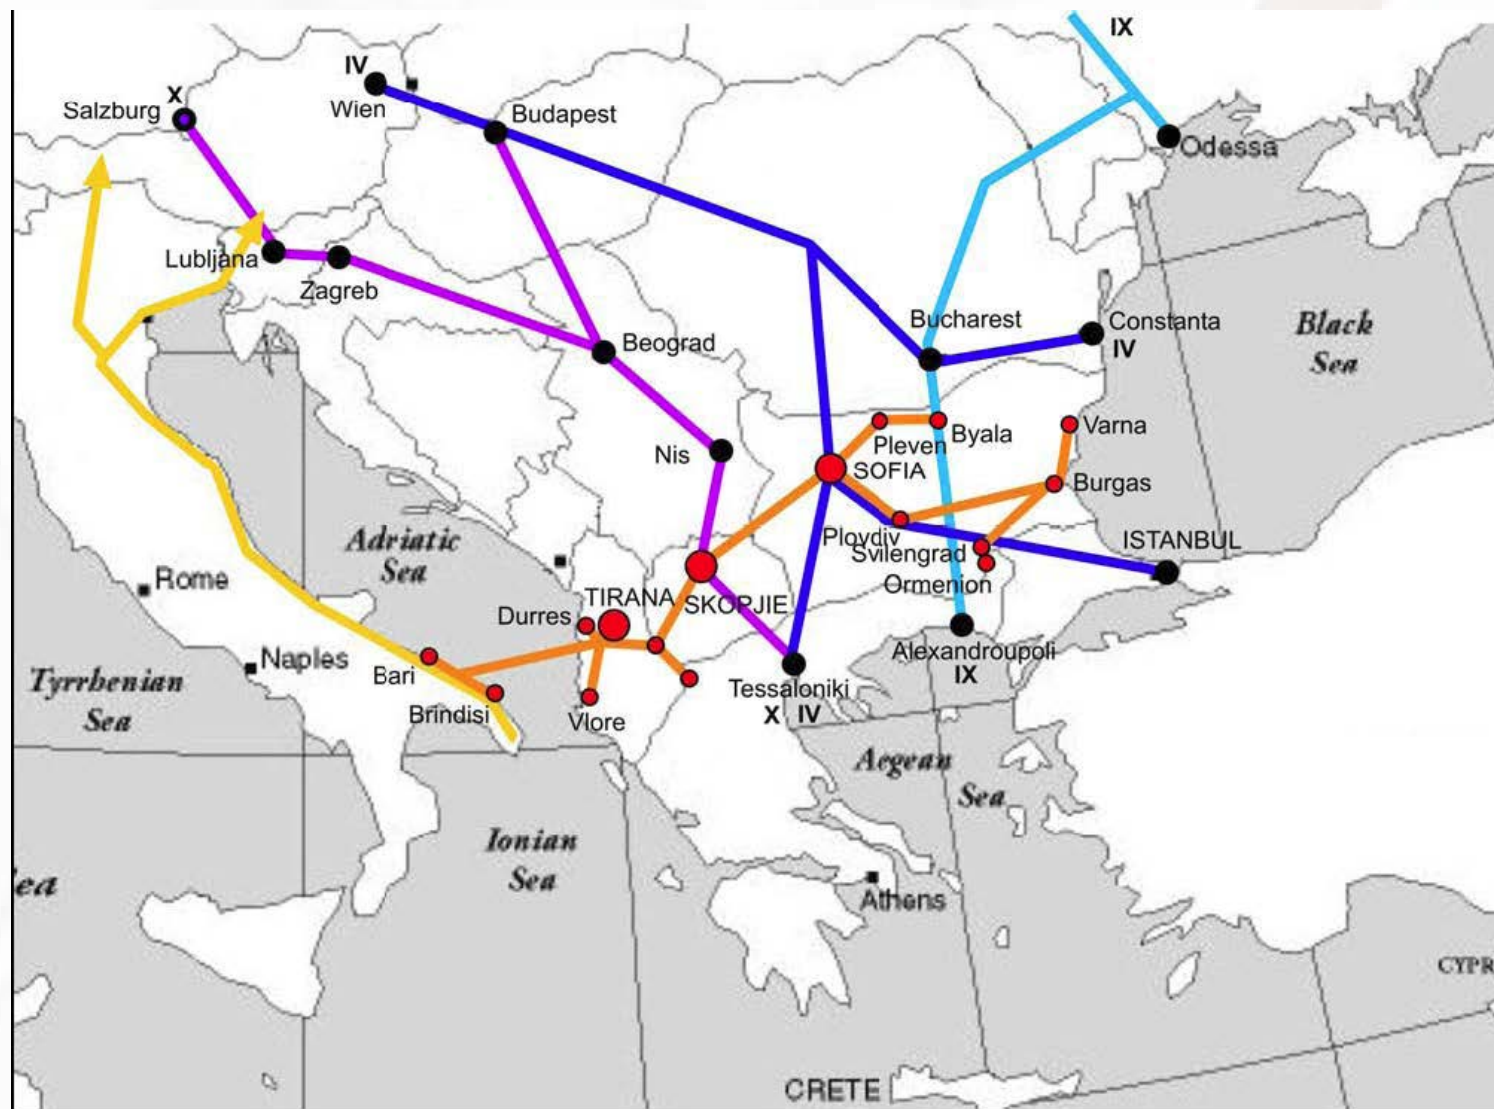

Pan-European Corridor X and VIII

The most important transport corridors in Republic of Macedonia are:

- Pan-European Corridor X: north-south across the country (from the border with Serbia to the border with Greece)
- Pan-European Corridor VIII, which runs east-west connecting Durres port in Albania with the Black Sea in Bulgaria.

Pan-European Corridor X and VIII

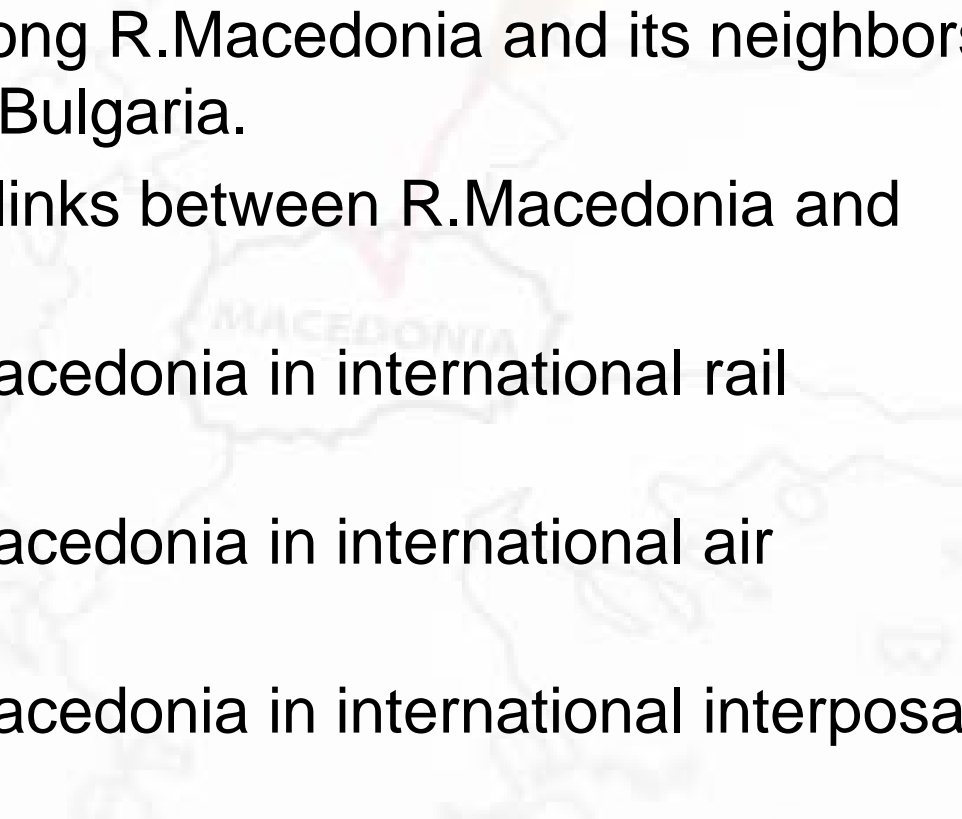

Road transport

- Road transport is the key mode for intercity passenger travel
- Road mode of transportation has a high relative importance because he accounts the largest share of total transportation of goods and passengers in the country
- Within the structure of all goods transported on the roads, internal transport participates with a dominant share while the rest is being distributed between international transport and transit

- Republic of Macedonia is promoting the concept of EU Neighborhood Policy into the transport field for better connection the EU with the neighboring countries and regions
 - The necessity to include the Republic of Macedonia in the European traffic flows, as well as its interest to associate with the European Union is imperative which is set for the Government of the Republic of Macedonia and its citizens
- 

Key strategically tasks for Macedonian transport policy remain and are as follows:

- Quality transport links among R.Macedonia and its neighbors -Greece, Albania, Serbia, Bulgaria.
 - Improvement of transport links between R.Macedonia and European Countries.
 - Intensive inclusion of R.Macedonia in international rail transport system.
 - Intensive inclusion of R.Macedonia in international air transport system.
 - Intensive inclusion of R.Macedonia in international interposal transport system
-
