Dear Mr. Garcia,

Subject : ECE Regulation N° 30 – Passenger Car Tyres Amendments

Following the suggestion of the representative of the Czech Republic at last GRRF meeting, ETRTO is kindly requesting to amend ECE Reg. N° 30, Annex 7 item 1.2 in order to add, into the table, specification of reference inflation pressures for Radial Tyres with Speed Symbols, L, M, N

i.e. 2.4 bar for Standard Tyres
 2.8 bar for Reinforced Tyres

Following the discussions in the last GRB, we seize this opportunity to request respectfully to specify that the marking “Temporary use only” is made compulsory for all tyres classified in the category of use “Temporary Use”,

i.e. add a new item 3.1.11 to read:

“3.1.11 the wording ‘TEMPORARY USE ONLY’ in the case of temporary use spare tyres”

In advance, we thank you for your help with this matter.

Yours Sincerely,

Léon Chession
Secretary General
