

REPUBLIC OF TAJIKISTAN
MINISTRY OF ECONOMIC DEVELOPMENT AND TRADE

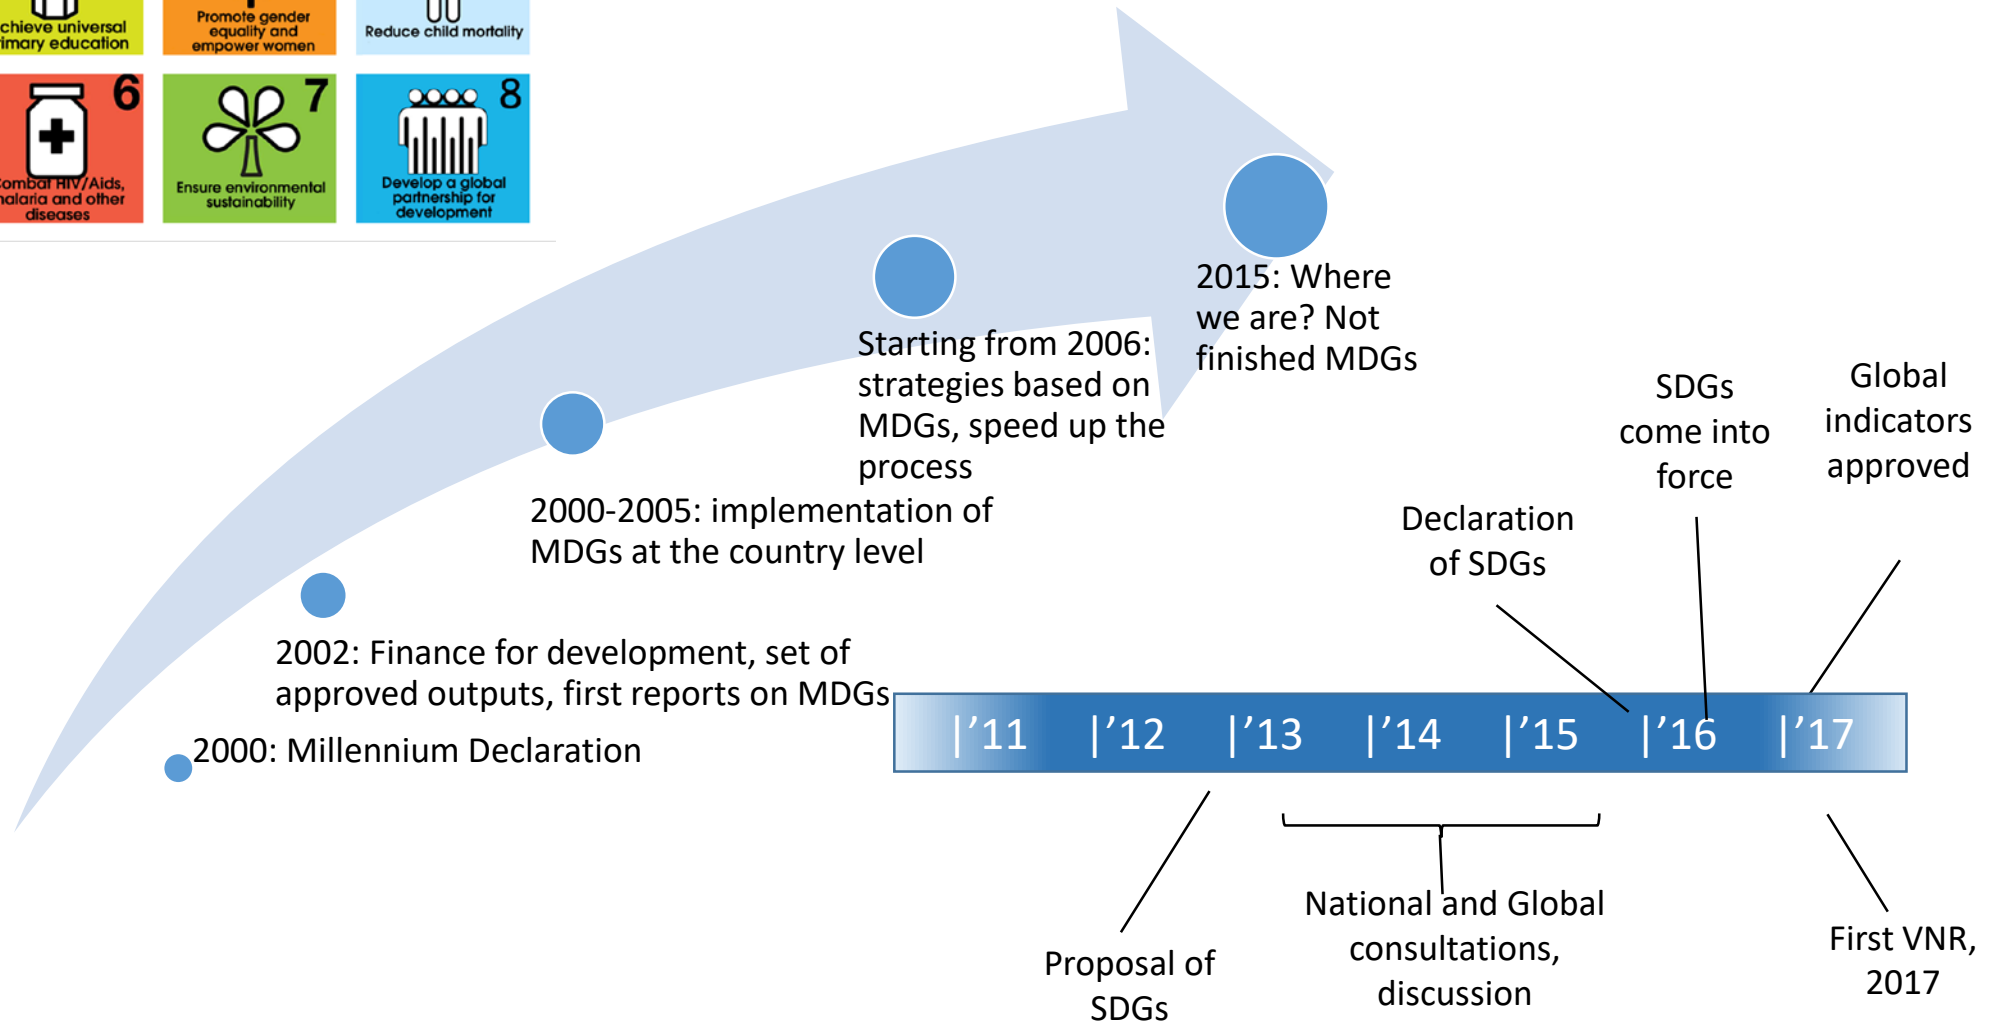

National Development Strategy of Tajikistan for the period up to 2030 as a mechanism for the SDGs implementation

Umed Davlatzod
Deputy Minister

Bishkek, 22-23 June, 2017

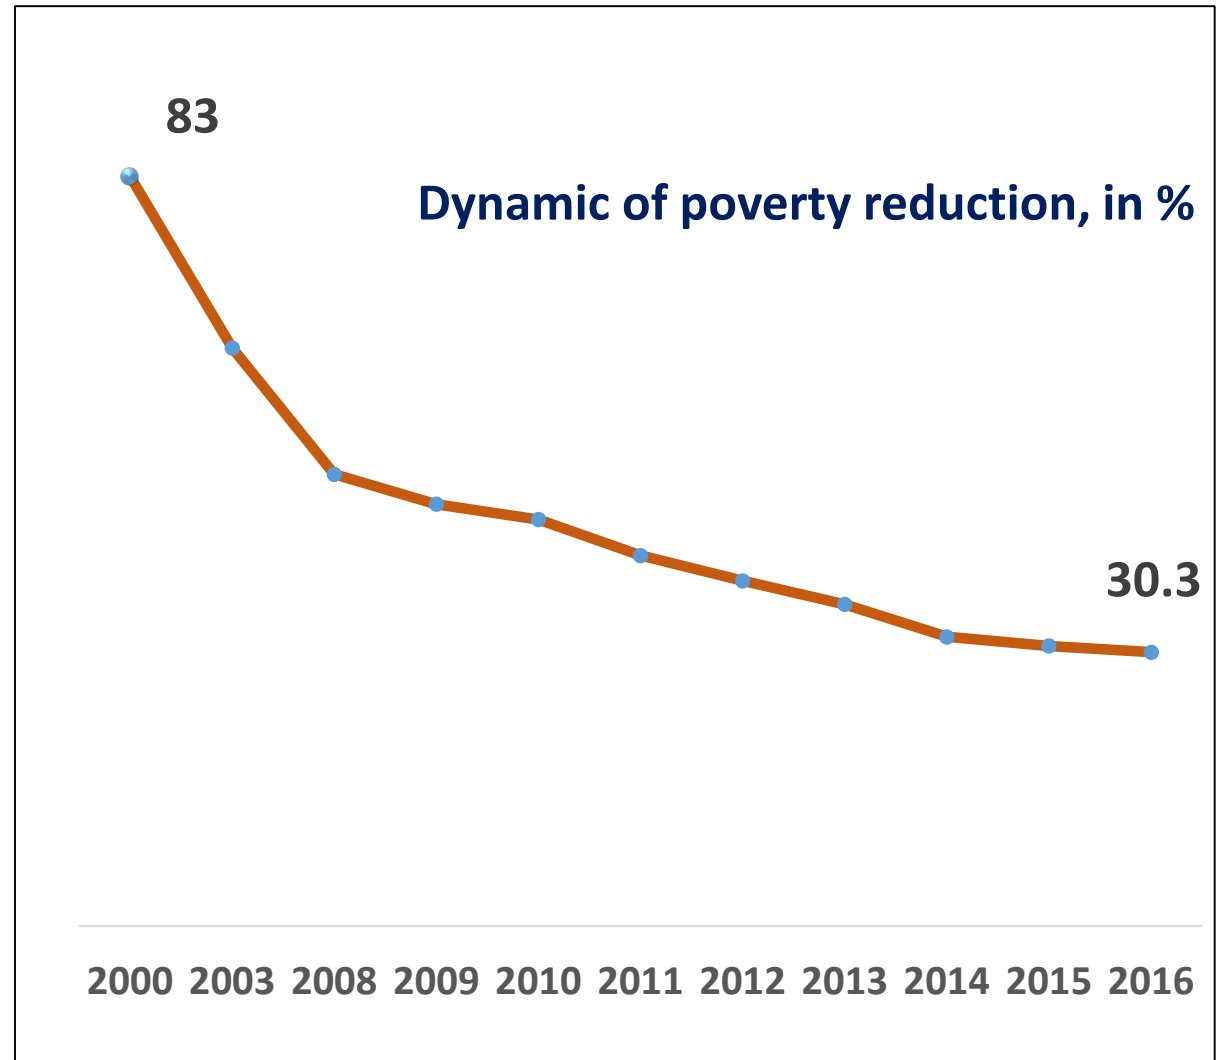

TAJIKISTAN: FROM MDGs TO SDGs

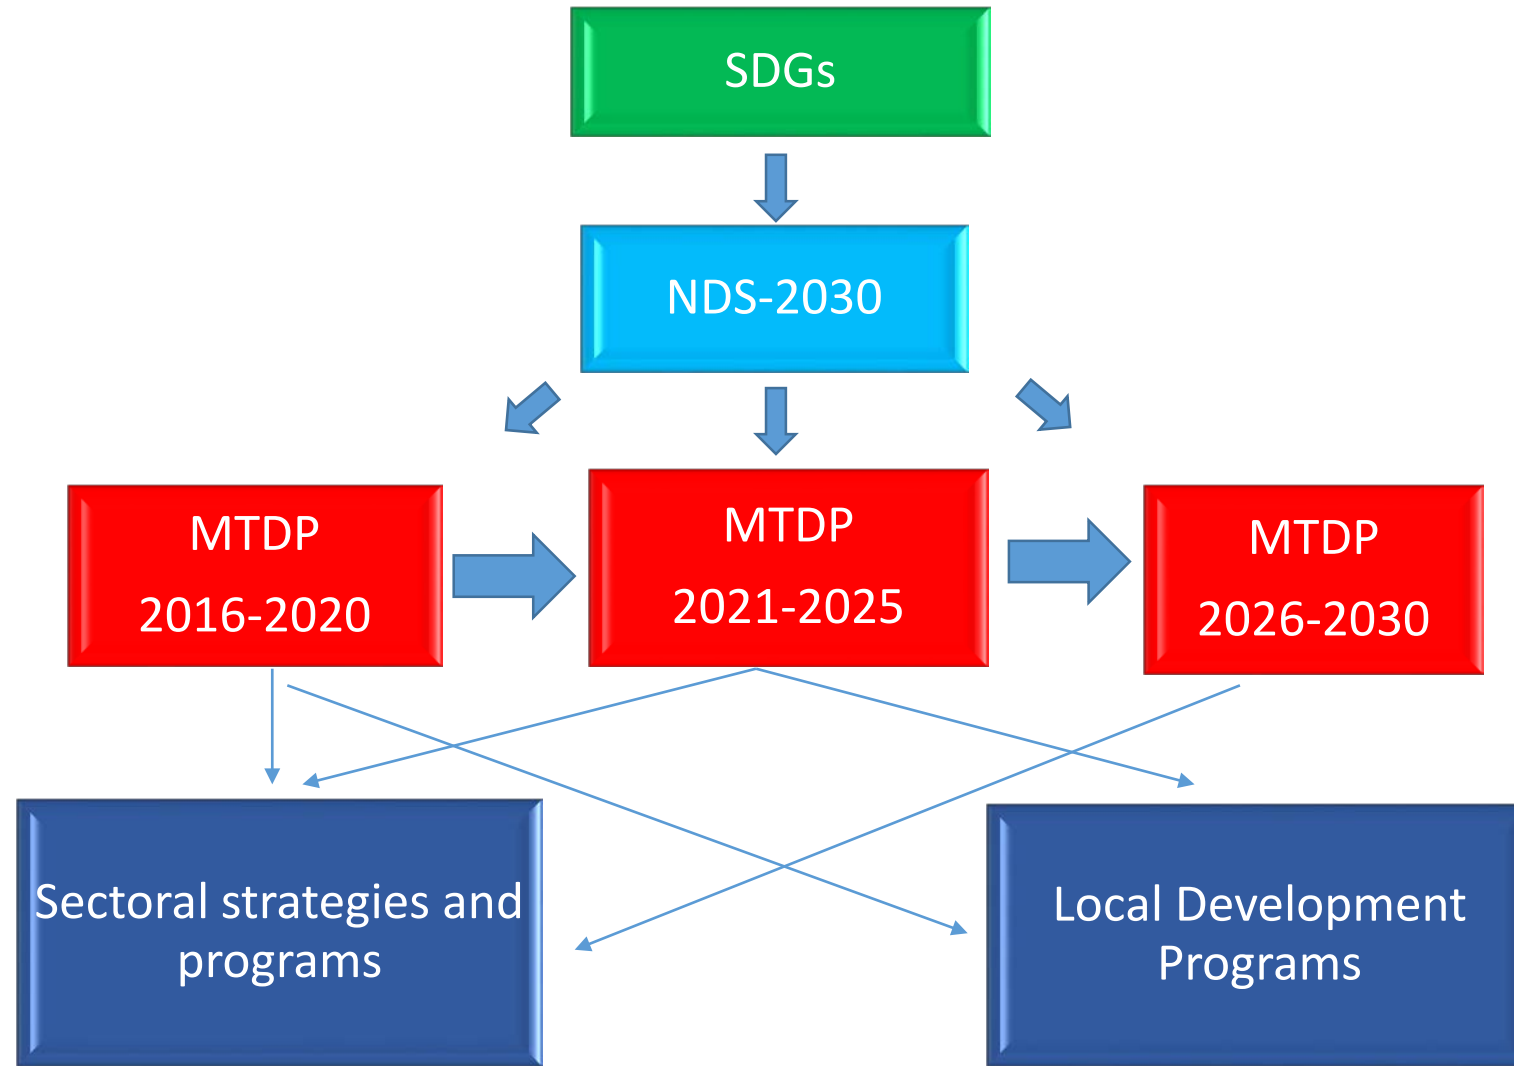

MAIN ACHIEVEMENTS: POVERTY REDUCTION

Tajikistan is among top 10 countries, which demonstrated the fastest pace of poverty reduction over the past 15 years

- Life expectancy at birth raised to 73,6 yrs;
- Zero cases of malaria by 2015;
- Coverage of school education by 93%;
- 2000 km of roads, 240 bridges, 32 km of tunnels and transit corridors are constructed;
- Industry production increased by 20,3%;
- The rate of child and maternal mortality decreased by 2 times

NATIONAL SDGs IMPLEMENTATION MECHANISM

MAIN CHARACTERISTICS OF THE NDS-2030

- ❑ Determines the long-term directions of socio-economic development of the country;
- ❑ Considers the existed problems of the national economic sectors;
- ❑ 3 development scenarios are considered in NDS 2030: (1) **inertial** (2) **industrial** (3) **industrial-innovative**.

NDS-2030: IMPLEMENTATION STAGES

- (1) **First stage (2016-2020)** – based on investments and development of export-oriented and import substitution production;
- (2) **Second stage (2021-2025)** – fast growth of investments in the real sector and infrastructure;
- (3) **Third stage (2026-2030)** – the transition from investments based industrial growth strategy to knowledge and innovation based development.

NDS-2030: STRATEGIC GOALS

Energy security and effective use of electric energy

Breaking communication deadlock and transmission into transit country

Food security and access of population to quality nutrition

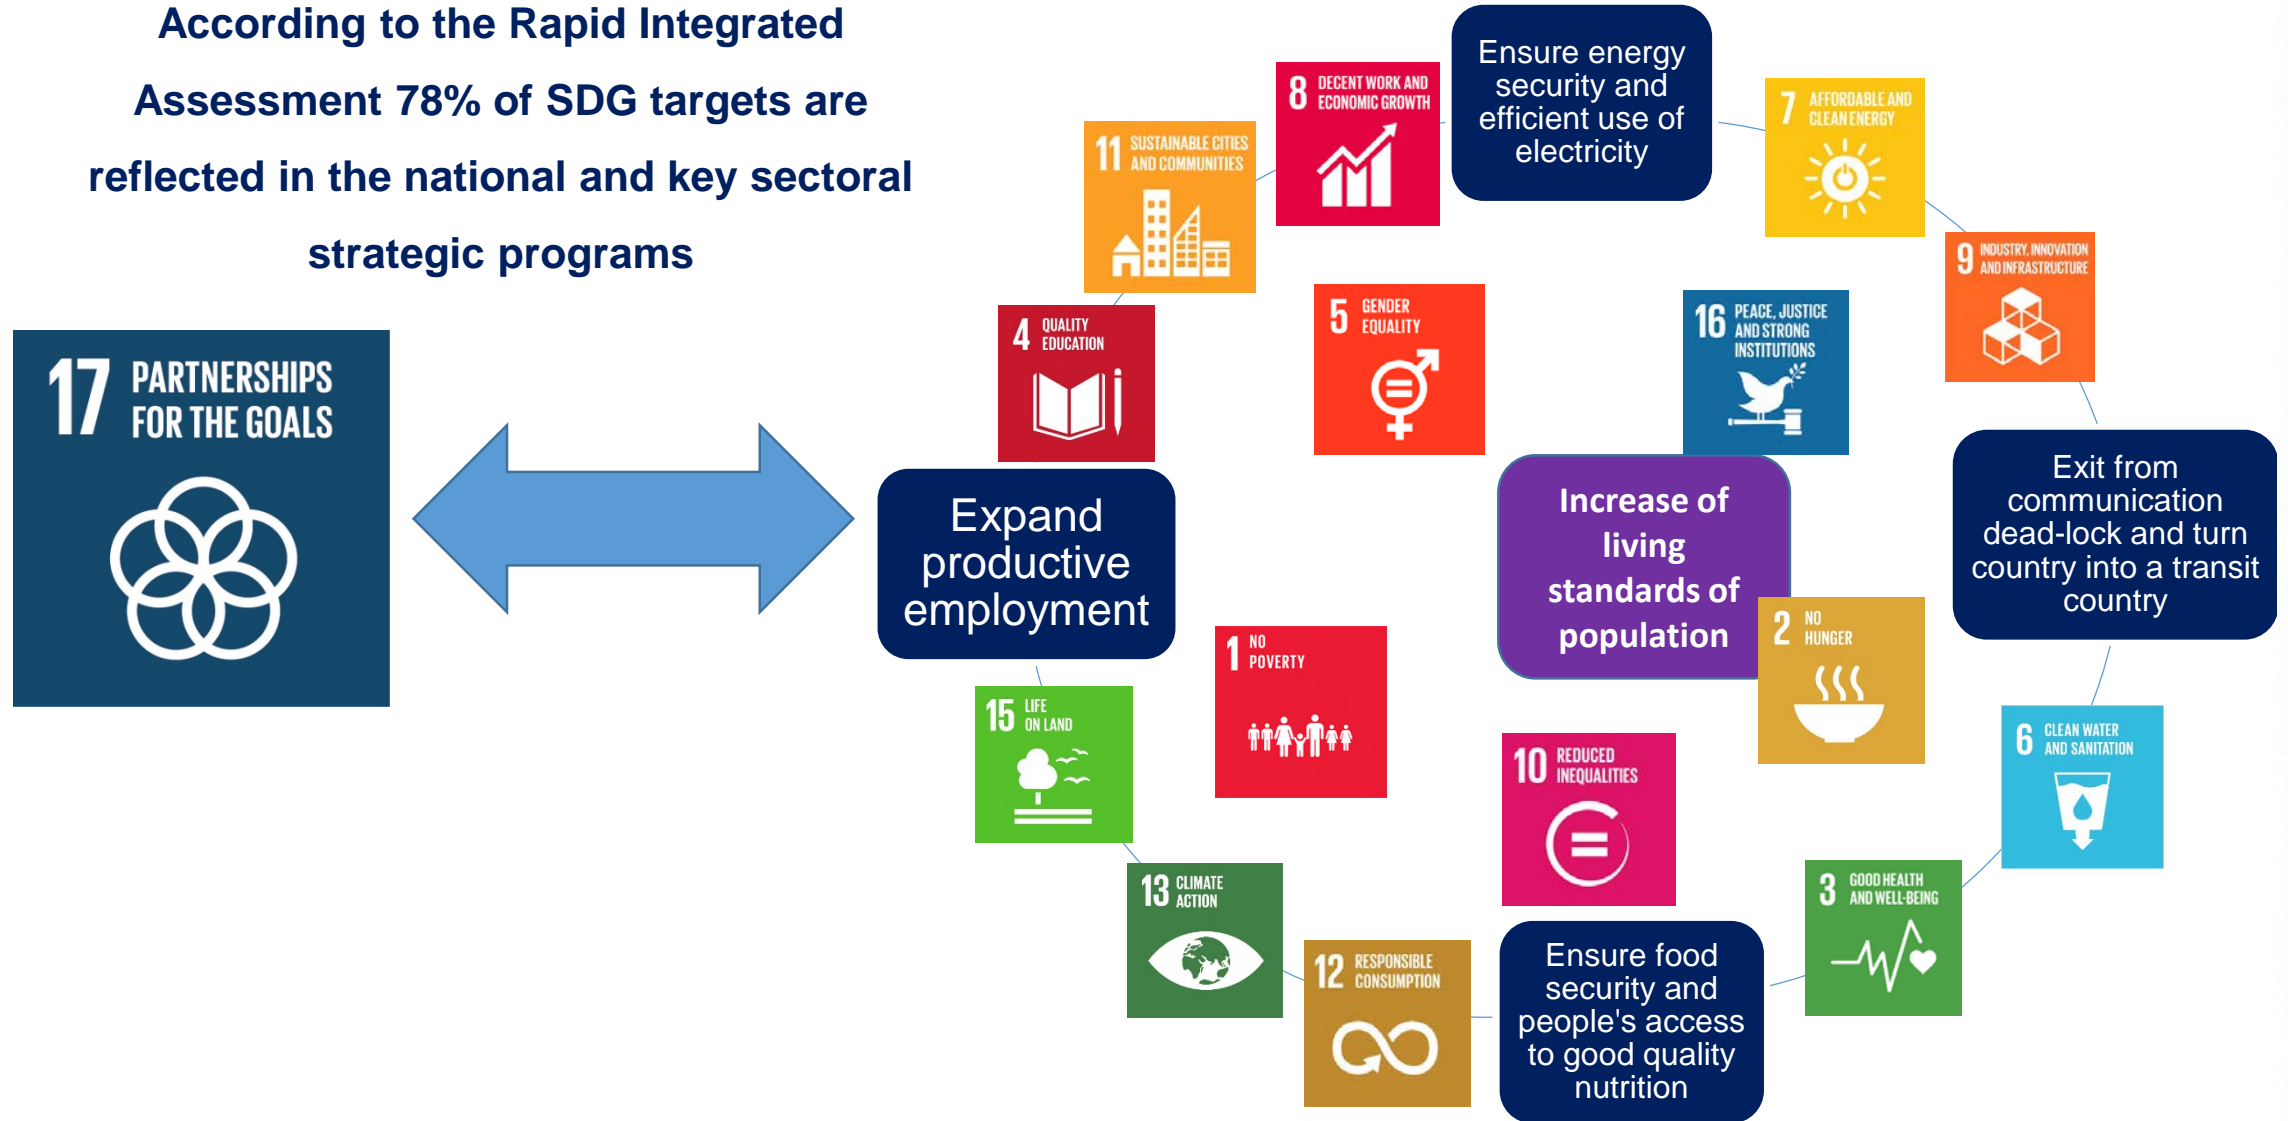

Expanding productive employment

ALIGNMENT OF THE NDS 2030 PRIORITIES WITH SDGs

According to the Rapid Integrated Assessment 78% of SDG targets are reflected in the national and key sectoral strategic programs

NATIONALIZING OF SDGs IN PROGRESS

- National SDGs implementation mechanism elaborated – NDS 2030
- Coordination mechanism developed
- Sectoral policies are improving within the linkage to SDGs
- SDGs indicators are implementing into the sectoral policies
- M&E system is in the process
- Development Program of Dushanbe is elaborating align with SDGs
- Strengthening civic engagement and public awareness to promote multi-stakeholder dialogue on Agenda 2030 – SDGs, NDS/MTDP

TAJIKISTAN: VNR 2017

HIGH-LEVEL POLITICAL FORUM
ON SUSTAINABLE DEVELOPMENT

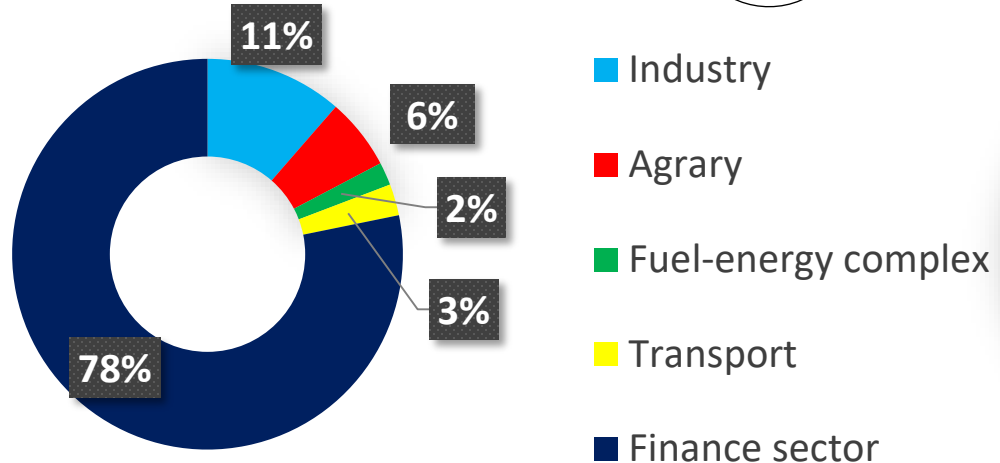

NDS-2030: Share of source of funding (118 bln. USD)

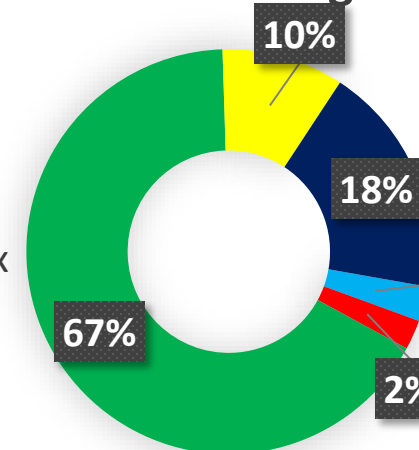

MtDP 2016-2020: Share of source of funding (25,5 bln. USD)

Private sector

State budget

CHALLENGES AND OPPORTUNITIES

- Need for **focused development efforts** to address the key and cross-cutting priorities having catalytic effect on achievement of NDS/SDG goals (including but not limited to):
 - Equal access to energy for all,
 - Food security and quality nutrition,
 - Balanced regional development,
 - Decent and productive employment,
 - Children and youth education and development,
 - Women economic empowerment.
- **Lack of robust data** to assess the baseline and progress of SDGs implementation
- Need for in-depth **mainstreaming SDGs in sectoral strategies and local development plans and budgets**
- **Low level of public awareness** about SDGs and NDS.
- Need to continue **capacity building** of the Government officials for **planning and monitoring** of development strategies.
- **Deficiency of state finance** to boost achievements of national priorities and SDGs, dependence on ODA and private sector investments.
- **Need for coordinated ODA and increased private sector investments** to fund the NDS/SDG priorities

NEXT STEPS

- Finalize establishment of the NDS/SDGs cross-sector coordination mechanism (clear division of responsibilities and accountability framework)
- Continue mainstreaming of NDS and SDGs priorities in sectoral strategies and local development programs
- Review national policies and legislative base to promote enabling environment for NDS/SDGs accelerators
- Development of robust M&E framework for SDGs and NDS-2030
- Preparation of SDGs Country Report and presenting results at the global level
- Increase engagement of different stakeholders (incl. Parliaments, civil servants, civil society, youth) into the process of SDGs implementation and monitoring
- Implementation of innovative solutions for mobilization of financial resources for Agenda 2030

Make our world better!

Thank you!
