

UNECE

International PPP Centre of Excellence

SUSTAINABLE DEVELOPMENT GOALS

International PPP Forum:

“Implementing the United Nations 2030 Agenda for Sustainable Development through effective, people-first Public-Private Partnerships”

30 March – 1 April 2016

Palais des Nations, Geneva, Switzerland

Programme

The International PPP Centre of Excellence is an operational centre of the United Nations Economic Commission for Europe established to harness the expertise and knowledge of over 2000 experts from the public and private sector to identify international PPP best practices, to assist governments in implementing best practices successfully, and to encourage knowledge sharing between countries new to PPPs and those with mature PPP programmes. On 30 March – 1 April 2016 the Centre of Excellence will focus on the UNECE’s work of developing international standards on PPPs for the Sustainable Development Goals and showcasing PPP projects that achieve the UN Sustainable Development Goals.

Declaration of Interdependence

“We will need to work together – across sectors and industries – to address how to realize new approaches to finance, investment, trade and technology.

We have seen many examples at the United Nations of how leveraging joint resources and expertise can quickly and effectively uncover solutions.

I hope to forge even more and stronger partnerships that have a real impact on people’s lives.”

***Ban Ki-moon
U.N. Secretary-General***

***20 January 2016
Davos, Switzerland***

Wednesday, 30 March 2016 (Room XVIII)
