

## Wenfeng SUN

### Associate Researcher

Wenfeng Sun is an associate researcher in China National Institute of Standardization(CNIS). He has been working on standards issues in eBusiness, eGovernment and ICT for industry and enterprises for more than 19 years. His main activities are related to standardization of information classification and coding, data elements, metadata, eBusiness, eGovernment, information resource and eDocument.

Wenfeng Sun has been the ISO/IEC JTC1 (Information technology) SC32 (Data management and interchange) WG1 (e-Business) convener. He is the project editor of ISO/IEC 15944-9 and ISO/IEC 15944-10.

Mr. Sun participated in a series of national projects and researches. He was involved in four national five-year-plan projects, sponsored by the Ministry of Science of China. He had won 3 ministry level awards for his achievements in these projects. He had also provided consultant service to the standard development projects of several ministries in China.

Wenfeng SUN holds a BS degree in Electronic Engineering and a BA degree in English for Science and Technology from the University of Science and Technology of China.
