

SESSION II – BLOCKCHAIN IN VALUE CHAIN/SUPPLY CHAIN

Marianne Schörling

Geneva Macro Labs

Marianne Schörling (PhD) is an expert on policy impact design for sustainable development. Since 15+ years, she advises governments, international organizations, NGOs, academic institutions and the private sector.

At the Geneva Macro Labs (GeMLabs) she is leading the engagement of stakeholders, and is co-author of the Blockchain for impact paper. Holding a PhD in sociology, she also serves as advisor at the intersection of new technologies, advocacy and global health.
