

Nis Jespersen

TradeLens Lead IT Architect

Nis Jespersen is the Lead IT Architect on TradeLens, responsible for alignment and implementation of all relevant standards in within the trade and transport industry; notably he ensured adoption of the CEFACT SCRDM.

He is an active member of CEFACT ISCO “edi3” initiative, is founding member of the openshipping.org initiative, and keeps close tabs on a number of other standards of relevance.

Nis loves new software tech, the web, cloud nativeness, identity management, and particularly finding ways to applying them. He wishes he had much more time to get nerdy with everything, sleep in the cloud all night and speak API all day. He holds a Master of Science degree in Software Engineering from the IT University of Copenhagen.
