

Bénédicte MEILLE

Trade Facilitation for West Africa Program (TFWA)

Bénédicte Meille has worked for the last 20 years in organizational development for Border Management. After 16 years at the World Customs Organization, leading programs for Customs capacity building around the world, she is now working as Trade Facilitation specialist for the World Bank Group and is the thematic lead on NTFCs and TFA implementation for the Trade Facilitation for West Africa Program (TFWA).

She has been focusing in the last few years on fostering Customs Business partnerships in the context of Trade Facilitation and supporting sustainable institutional development towards consultation, participation and inclusiveness.
