

Jamie Burke

Founder & CEO, Outlier Ventures

As an early investor in Bitcoin and Ether Jamie went 'all in' during 2013 founding Outlier Ventures, Europe's 1st venture fund and platform dedicated to blockchain and Web 3. Since then we have built a portfolio including industry-defining projects such as Brave Browser, Fetch.ai, Ocean Protocol, DIA Data, Enigma / Secret Network and developed an award-winning Web 3 accelerator working with 30 pre-seed startups a year who we have helped raise over \$130m in growth capital.
