## I. PREAMBLE

The United Nations through UN/CEFACT (United Nations Centre for Trade Facilitation and Electronic Business) supports activities dedicated to improving the ability of business, trade and administrative organisations, from developed, developing and transitional economies, to exchange products and relevant services effectively. Its principal focus is to facilitate international transactions, through the simplification and harmonization of procedures and information flows.<sup>1</sup>

The UN/CEFACT work-programme emphasises the need for developing recommendations, which simplify and harmonize the current practices and procedures used in international transactions. Within this context, the role of the UN/CEFACT Codes Working Group (CDWG) is to secure the quality, relevance and availability of code sets and code structures to support the objectives of UN/CEFACT, including managing the maintenance of UN/ECE Recommendations related to codes. The CDWG prepared this revision of the Recommendation 21 code lists.

This edition of the code lists for Recommendation No. 21 supercedes and replaces Annex V and Annex VI in the third edition of Recommendation 21 (TRADE/CEFACT/2001/21, March 2001).

## II. MAINTENANCE AND UPDATING

**<http://www.unece.org/cefact>**

4. Draft revisions shall be subject to a public

comment period of at least two months. UN/CEFACT Heads of Delegation shall be notified of the availability of a draft revision and the period for comment. Following the conclusion of the comment period, the CDWG shall address all comments received. Depending on the comments received, the CDWG shall issue a new draft revision or shall prepare a final revision for approval.

5. Final revisions of the body text of this Recommendation shall be approved by the UN/CEFACT Plenary.
