Note by the Secretariat

Summary

The Committee on Sustainable Energy agreed at its twenty-second session to revise the draft publication plan for 2014–2015 on the basis of the programme of work of the Sustainable Energy subprogramme for 2014–2015 recommended by the Committee and subsequently approved by the United Nations Economic Commission for Europe (ECE) Executive Committee.

The present document contains a revised list of publications for 2014–2015 proposed by the Sustainable energy subprogramme. United Nations publications are published in response to legislative mandates or requests by intergovernmental bodies (ST/SGB/2012/2, para. 2.4 (a)).

The titles of publications provided in this document are preliminary titles. The list of publications is based on the ECE programme budget for the biennium 2014–2015, as well as on the ECE Publication Programme for 2014–2015.

The Committee on Sustainable Energy will be invited to consider the document for approval at its twenty-third session.
