

SUSTAINABLE ENERGY POLICIES - ENERGY EFFICIENCY ACTION PLANS

Borko Raičević, Energy Efficiency Expert

29 September 2017, Geneva

Regional energy market development towards pan-European market

➤ Building blocks of the integrated market

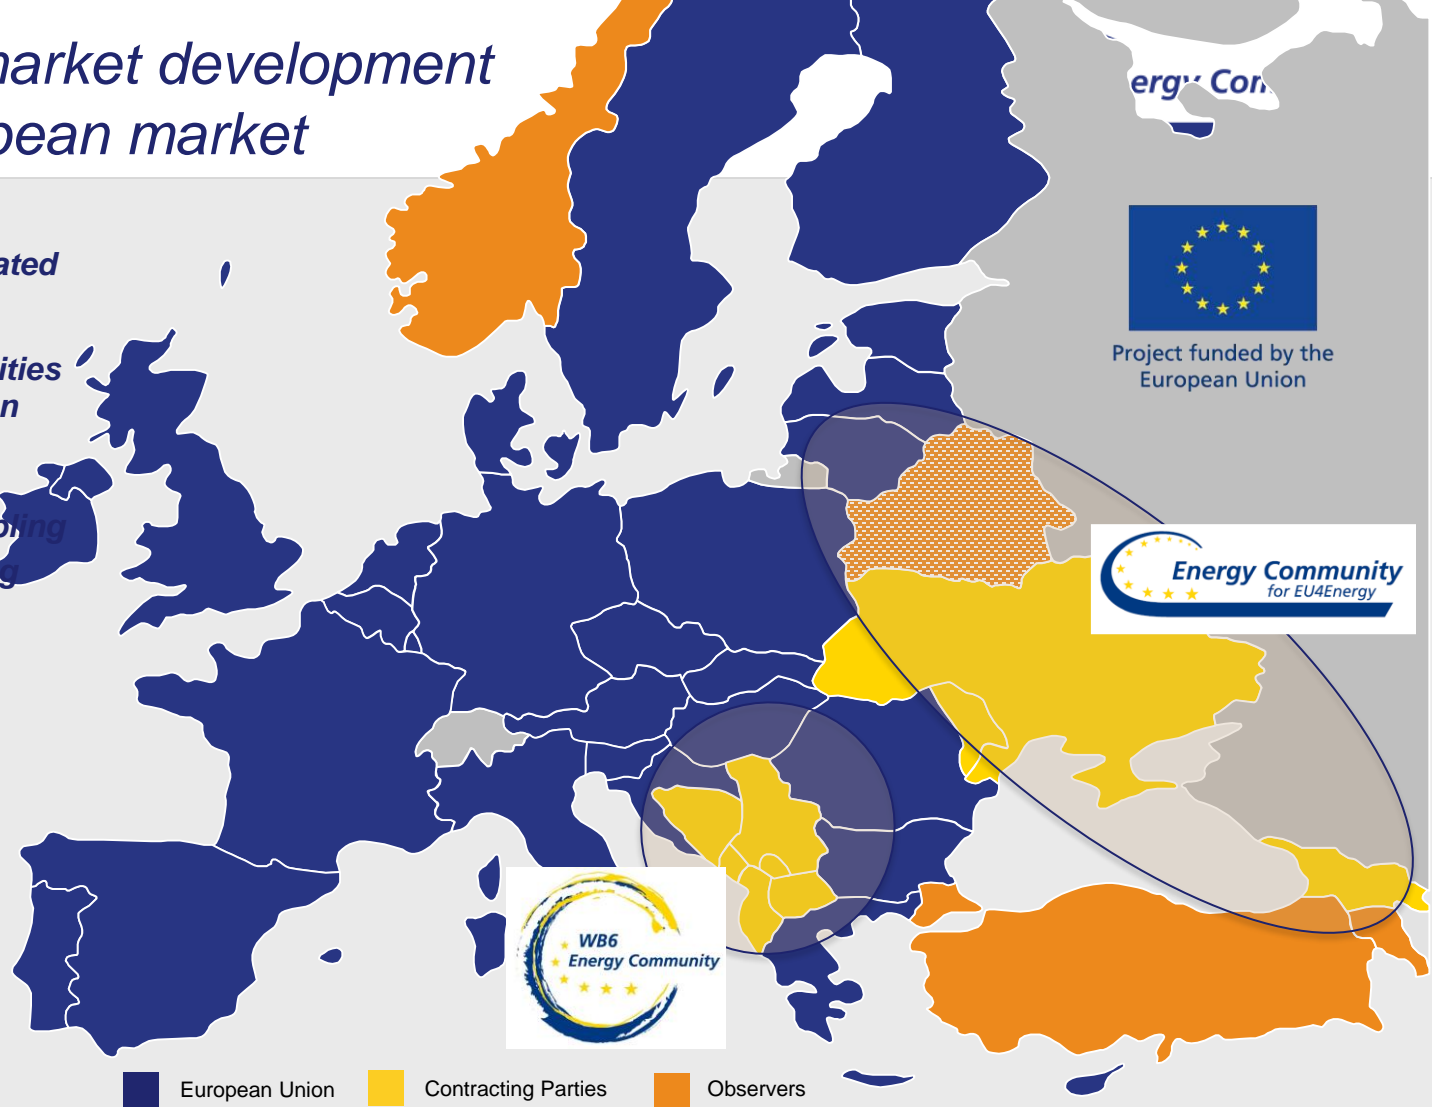

- ❑ *Interconnection capacities - coordinated allocation and calculation*
- ❑ *Organised electricity markets and their coupling*
- ❑ *Cross-border balancing*
- ❑ *Sustainable energy*

HOW?

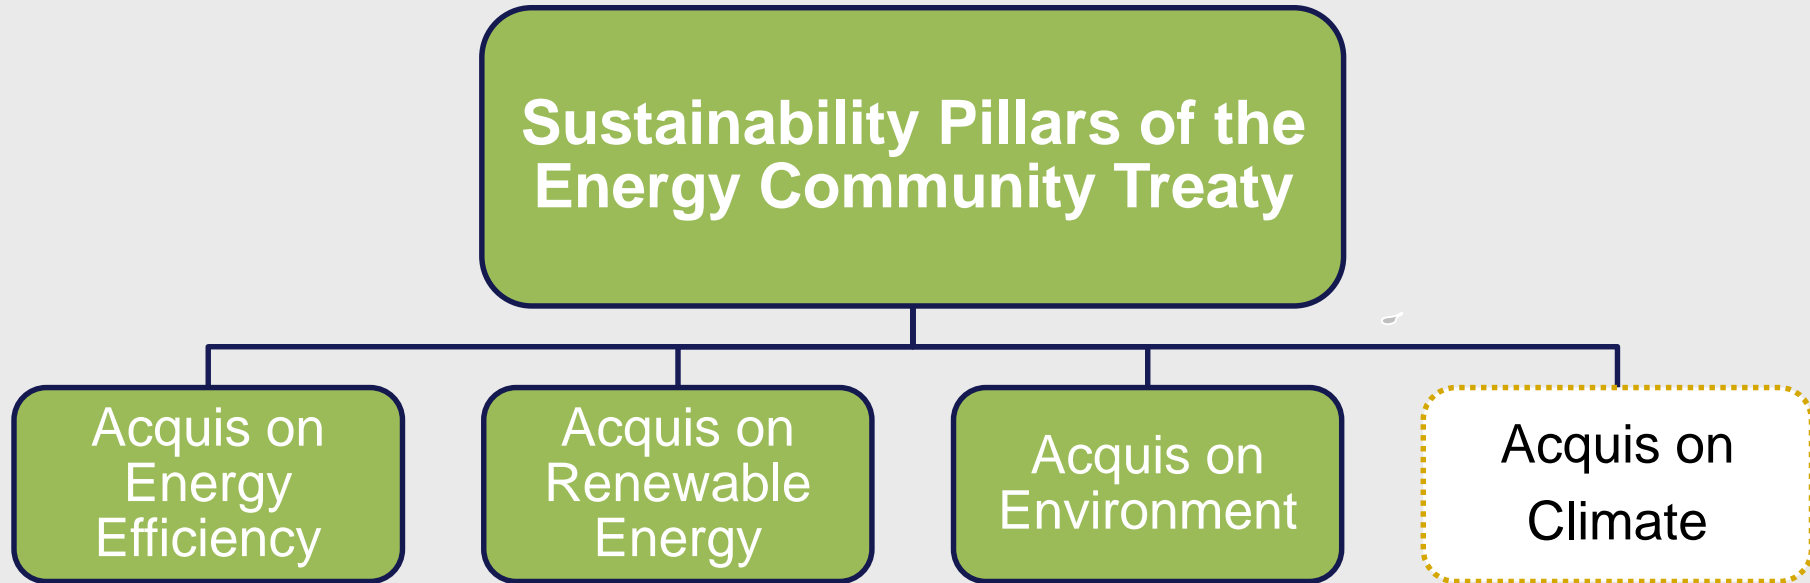

- ✓ *Legal framework*
- ✓ *Institutions*
- ✓ *Implementation*

Regional projects:

- ✓ *Western Balkan 6*
- ✓ *EU4Energy*

1. *Creation of a regional energy market / enhance regional competition*
2. *Security of supply*
3. **Sustainability of energy systems**

ACQUIS ON ENERGY EFFICIENCY

link with EEAPs

(Ministerial Council Decisions: Dec. 2009 - Oct. 2015)

✓ **DIRECTIVE 2006/32/EC ON ENERGY END USE EFFICIENCY AND ENERGY SERVICES (ESD)**

Indicative energy saving target (min. 9%) for 9 years of implementation, with methodology for calculation, including intermediate ES target and Authority; EEAPs

✓ **DIRECTIVE 2012/27/EU ON ENERGY EFFICIENCY (EED)**

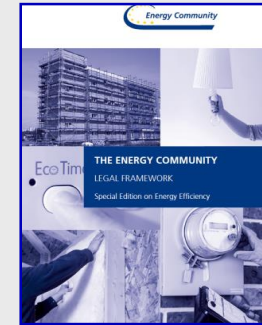

Energy efficiency 2020 targets (Article 3) for EnC -187 Mtoe of primary energy or 133 Mtoe of final energy; Exemplary role of public bodies' buildings (Article 5) - **renovation target** 1% per year (3% in the EU); **Energy Efficiency Obligation Schemes** (Article 7) 0.7 % per year (1,5% EU); **Annual reports**

✓ **DIRECTIVE 2010/31/EU ON THE ENERGY PERFORMANCE OF BUILDINGS (EPBD)**

✓ Reporting on **alternative measures** for inspection of systems, **nZEB targets** and plans

✓ **DIRECTIVE 2010/30/EU ON LABELING OF ENERGY-RELATED PRODUCTS AND IMPLEMENTING DIRECTIVES/DELEGATED ACTS (ELD)**

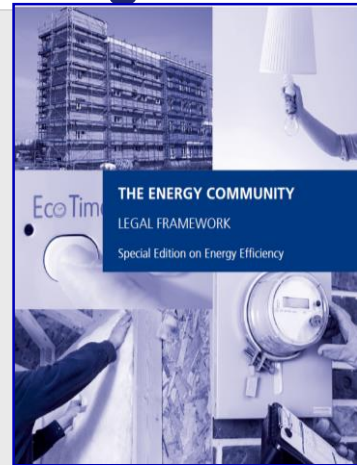

Energy Community legal framework on energy efficiency (June 2016)

Energy Community Annual Implementation report (October 2016)

ENERGY EFFICIENCY

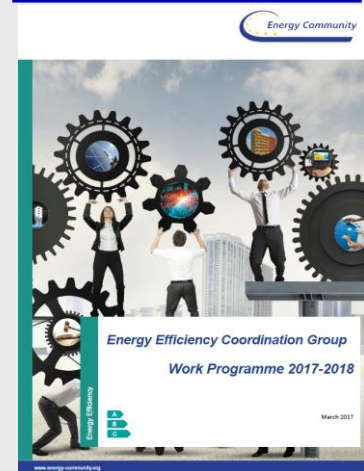

- regional cooperation

- ✓ **ENERGY EFFICIENCY COORDINATION GROUP:** Ministries/EE agencies from CPs and Observers, EC, ECS, Donors and IFIs - supports harmonised implementation of the EE acquis in the Energy Community; platform for sharing experience; implementation partner for the TA and investment programmes (REEP Plus, GGF etc.).
- ✓ **EECG Meetings:** 3 per year, combined with workshops
- ✓ **Supported by EnC EE Forum** – web communication platform for cooperation and discussion on EE-related issues among EECG members and beyond

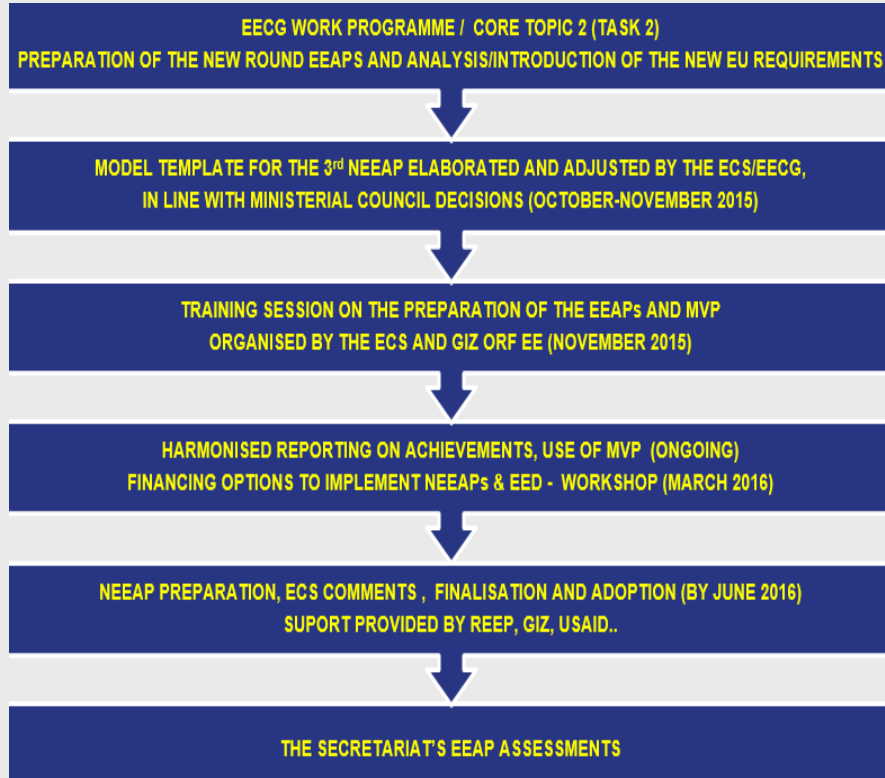

✓ **EECG Work Programme 2017– 2018:**

1. Implementation of current and new energy efficiency directives in the Energy Community, esp. Directive 2012/27 EU
2. implementation of NEEAPs and their monitoring
3. Promotion of the exemplary role of public sector and energy services,
4. Coordination of donors support for energy efficiency,
5. promotion of existing support initiatives (REEP Plus, WB6 Sustainability Charter etc.) and design of new ones
6. Exchange of best implementation practices in CPs and EU

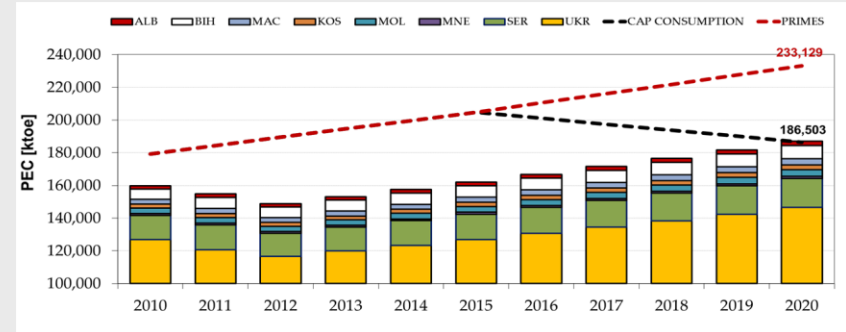

Examples of regional cooperation: 3rd EEAPs, EED, Reporting

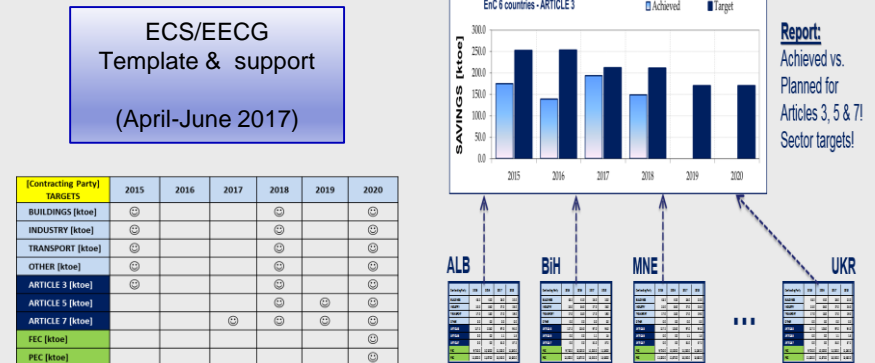

3rd EEAPs - PROCESS

EED 2020 TARGET

EED first annual reports and ECS monitoring tool

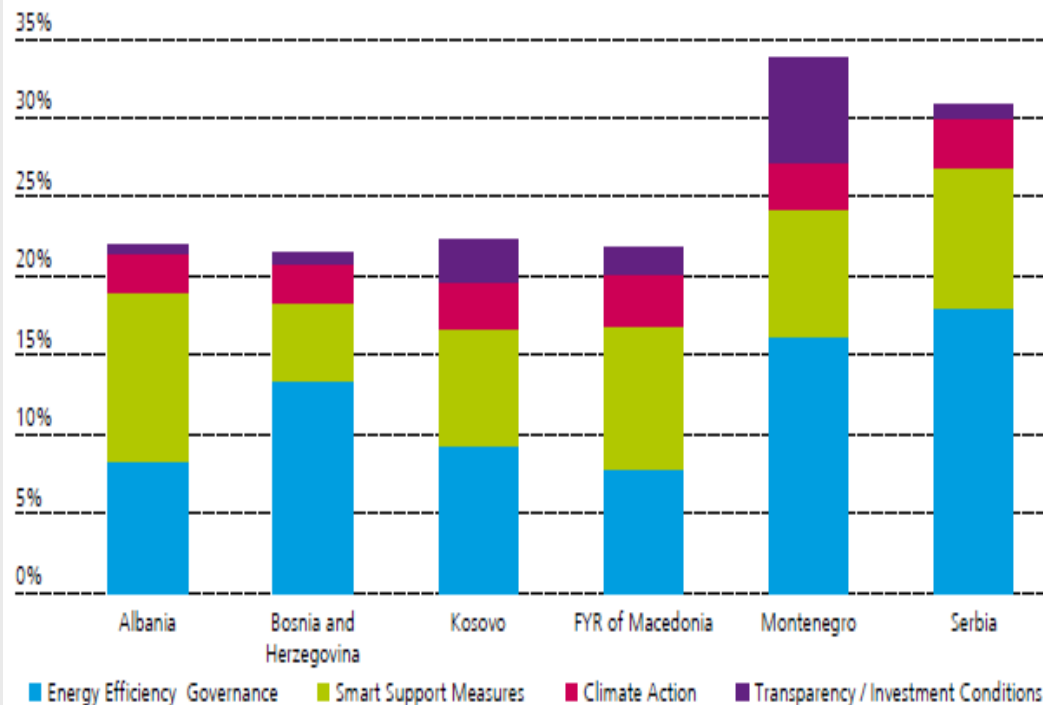

- **Sustainability Charter WB6**
- **Sustainability Forum and Ministerial**
- **Climate Action Group**
- **2030 target calculation (EE/RES/GHG)**

First Energy Community Sustainability Forum, held on 9 June 2017 in Vienna

Overall Implementation

*THANK YOU
FOR YOUR ATTENTION!*
