Online Database of Experts on Energy Efficiency in Buildings in the UNECE region

Nadejda Khamrakulova

Background and Objectives

ENERGY

- One of the activities of project “Enhancing National Capacities for Development and Implementation of the Energy Efficiency Standards in Buildings in the UNECE region” (2017-2018).
- Creation of the database of experts aims to **strengthen capacity** of national experts on EE and support **sharing of information, knowledge and expertise** in the area of EE in buildings from the UNECE member States.
- The proposed online database of experts will be formed by experts who have participated in the meetings of the Joint Task Force on Energy Efficiency Standards in Buildings.
- The existing network of experts will further be expanded and will include new experts to the database.
