

# What to address to make it really happen

Understanding Energy Efficiency

Making sense of what's already available

Industry as a leader not a follower

Collaboration for better policy

# Use what's there and focus on the essentials: 'getting the job done'

## UNIDO Industry WG

- ✓ BtoB platform for open exchange
- ✓ Enable industry leadership on IEE
- ✓ Access entire value chain with support and guidance

## UNECE IEE Task Force

- ✓ Unified and clear summary of IEE
- ✓ Independent review of IEE initiatives
- ✓ Enable better matching of initiatives to companies

Effective policy development
