

Role of gas in attaining SDGs

Small Scale LNG – Truck Loading

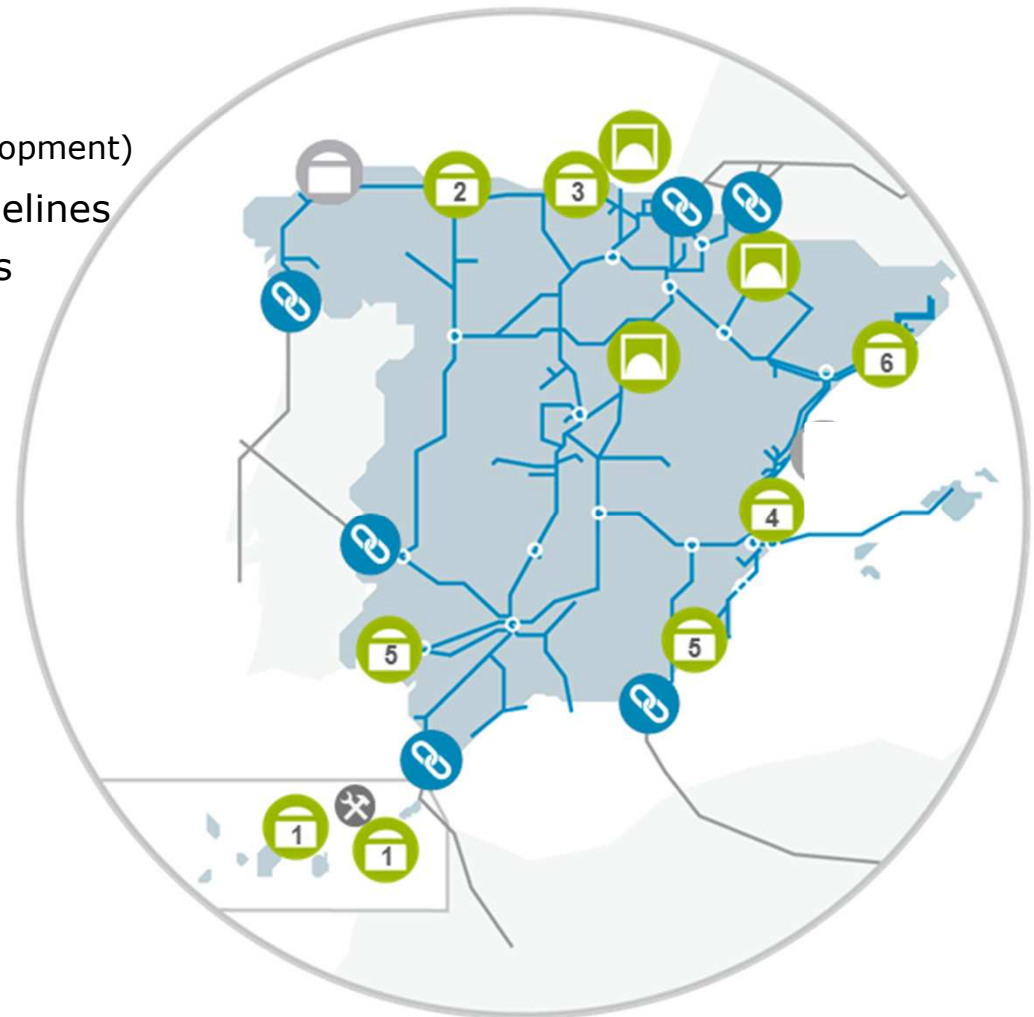

Tania Meixús

Geneva, 22 March 2018

Gas infrastructures in Spain

Spain

- 7 LNG terminals (+2 under development)
- >12.000 km high pressure pipelines
- 4 underground storage facilities
- 19 compressor stations
- 6 international connections

LNG

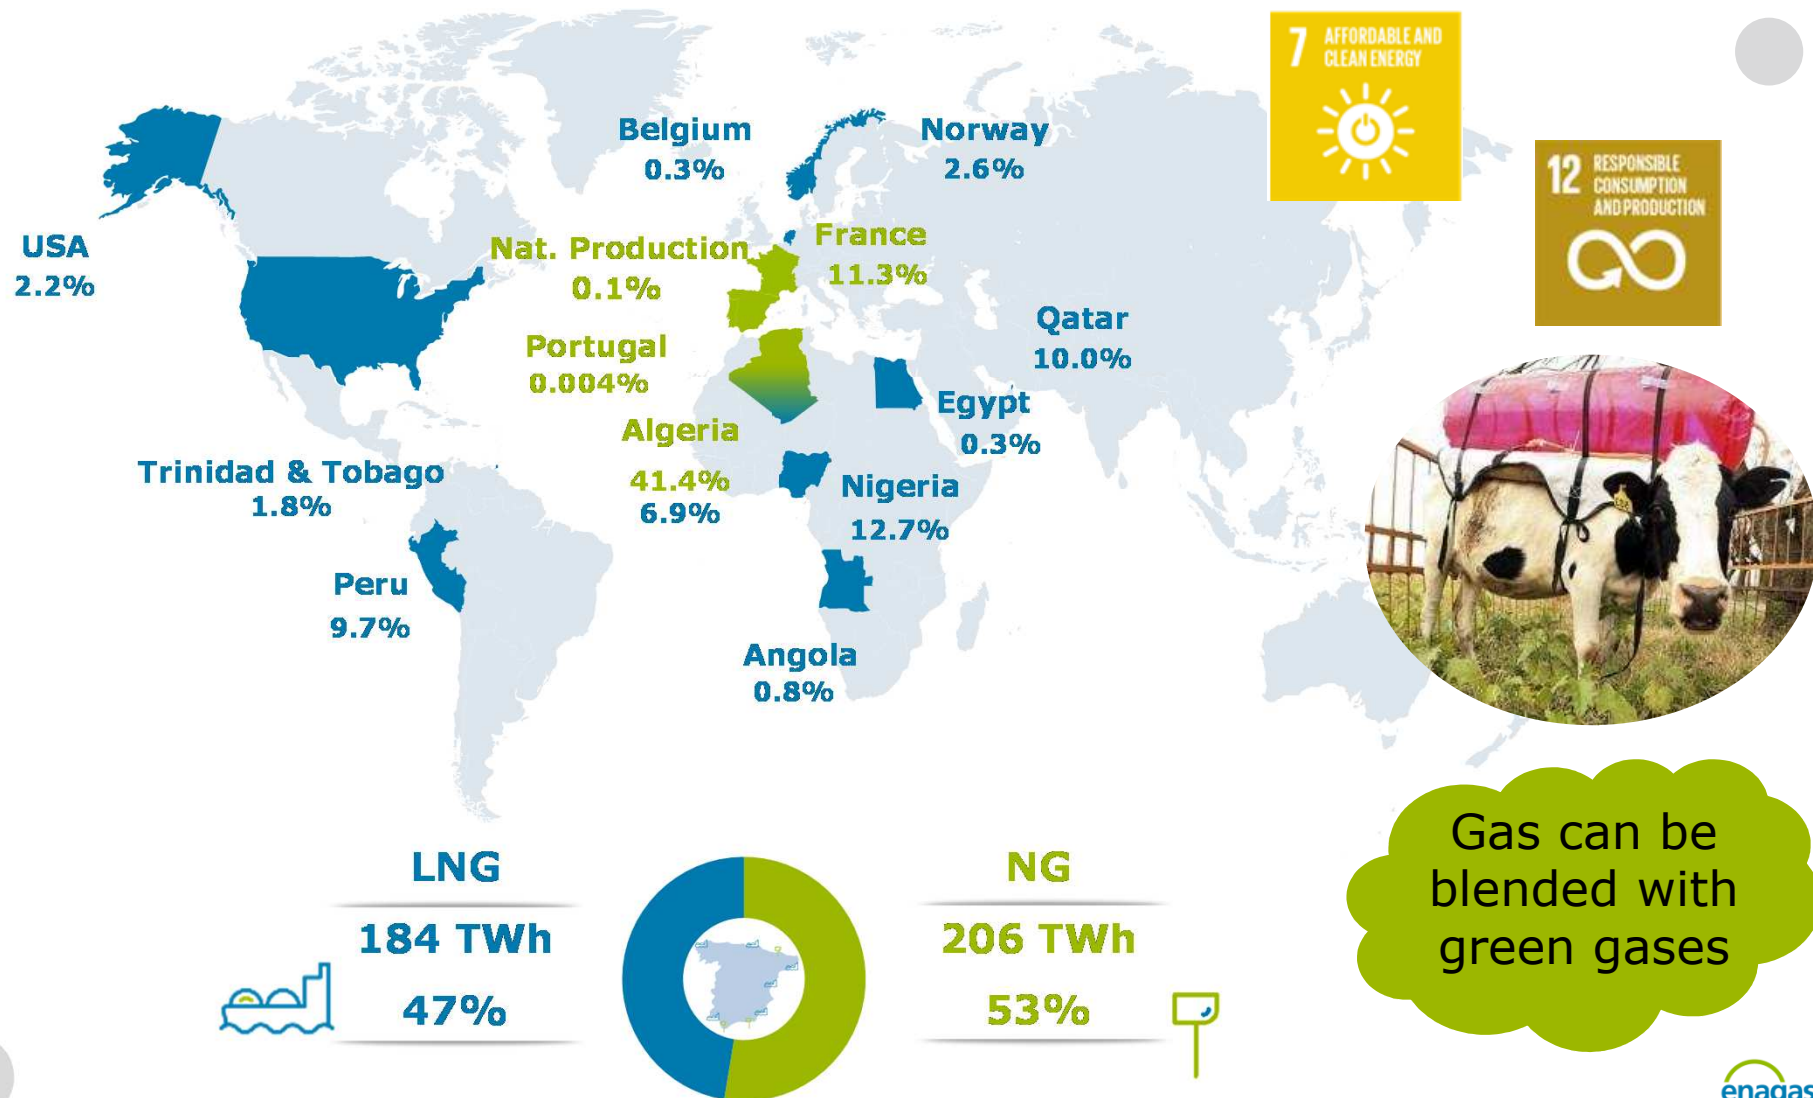

Transmission

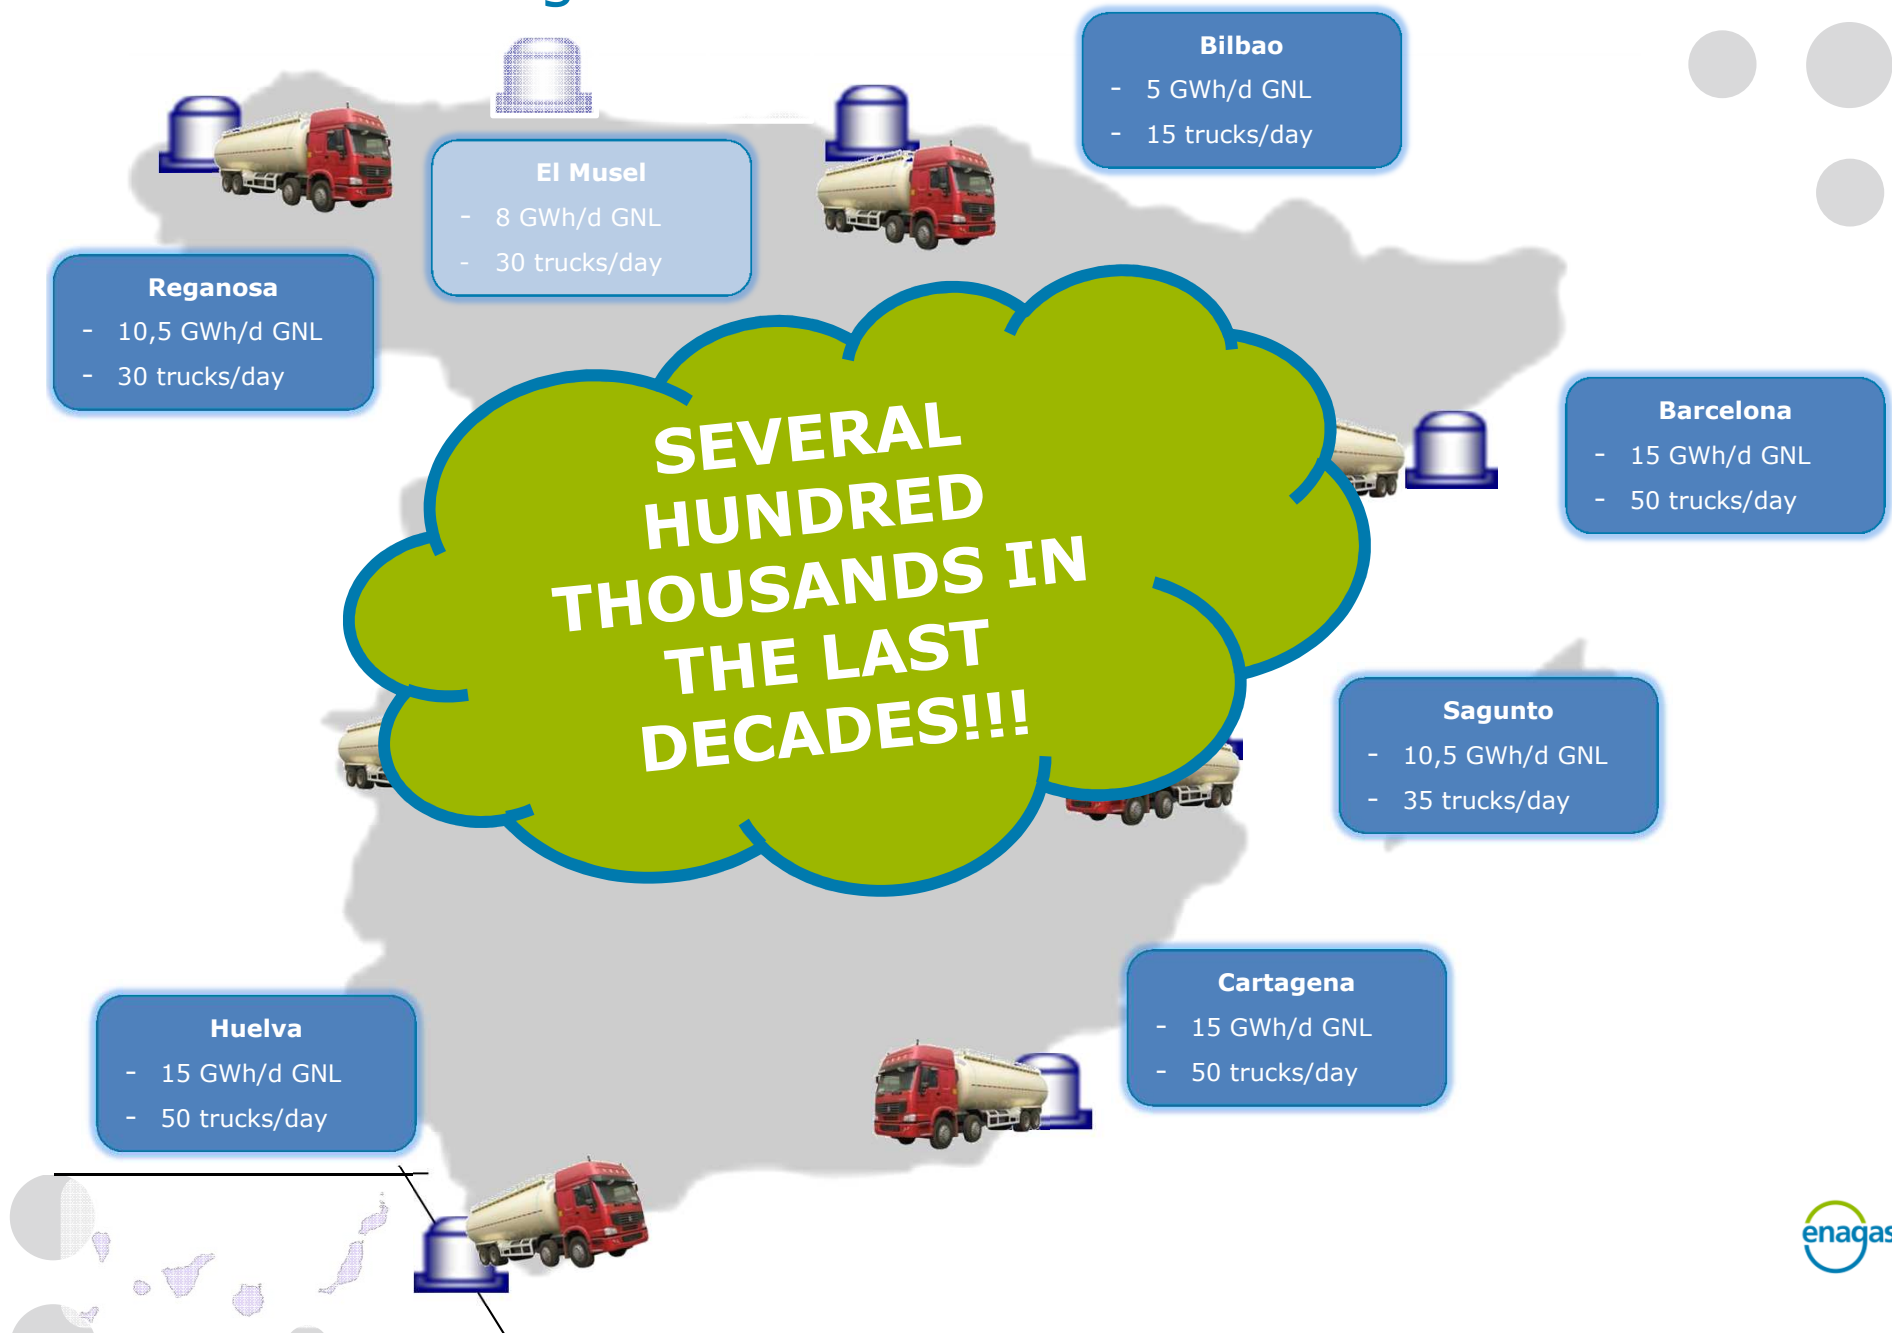

Underground Storage

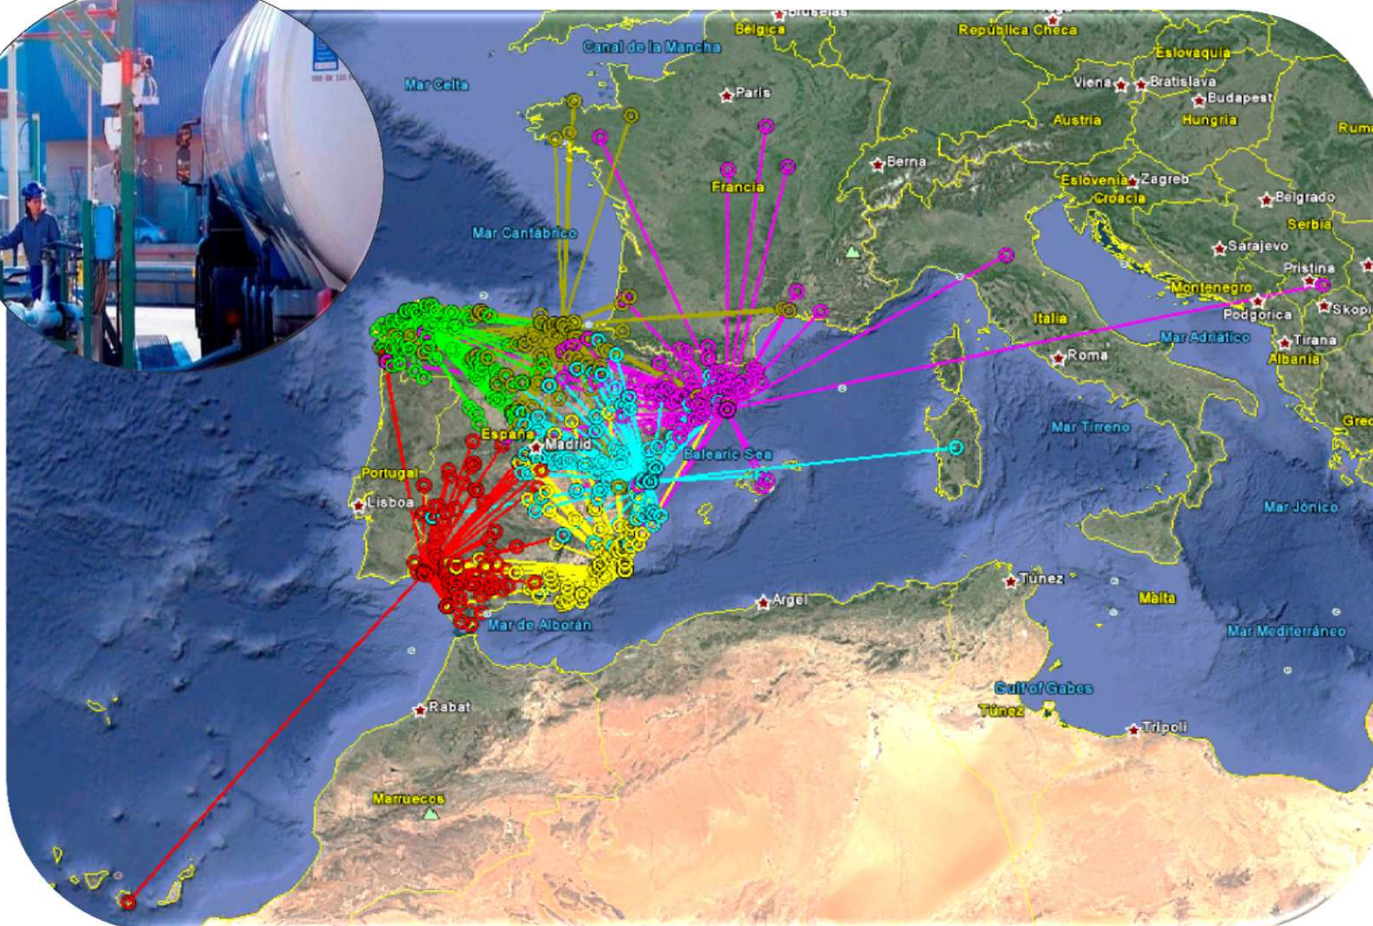

Gas supplies in Spain in 2017

Truck Loading

Truck loading activities in 2017

11,436 GWh/y
(+1.8% vs 2016)

38,821
loaded trucks

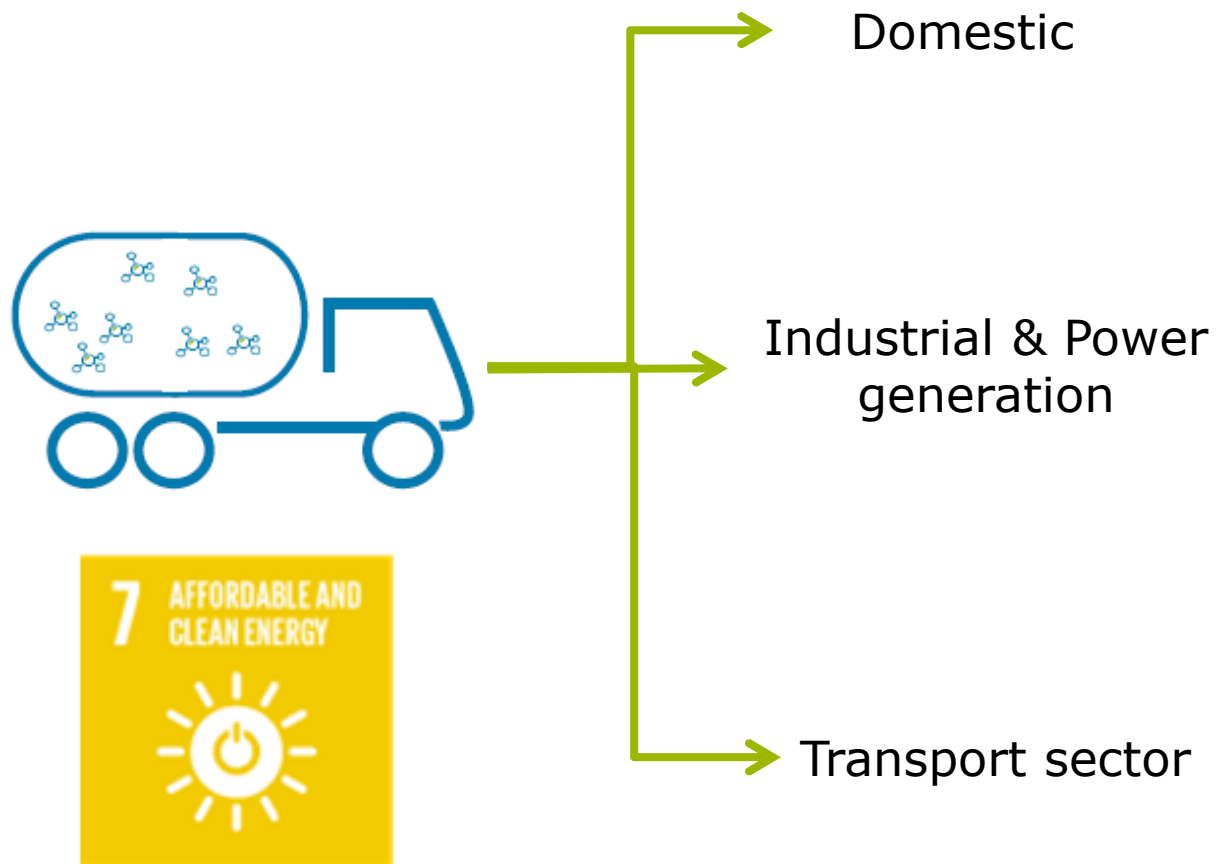

1.040 active
destinations

- ✓ Portugal
- ✓ France
- ✓ Italy
- ✓ Switzerland
- ✓ Macedonia
- ✓ Andorra

Potential markets

LNG trucks contribute in an efficient manner to reach remote areas and to temporarily colonize areas

Thanks for your time
