

UNEP's Contribution to the Post-2015 Development Agenda and Update on the Implementation of 10YFP

Friday 25 October 2013

1:15-2:45 pm

**Palais des Nations
Room XII**

UNEP Side Event

During the nineteenth session of the UNECE Committee on Environmental Policy (CEP)

At the Rio+20 Conference member States decided and adopted wide ranging measures for implementing sustainable development. UNEP is actively engaged in a number of activities to supporting and ensuring the implementation of the outcomes of the Rio+20 Conference agreed by member States. Two important issues are: the development of the post-2015 development agenda with sustainable development at its centre, and to the adoption of the 10 Years Framework of Programmes on SCP (10YFP) to accelerate the shift towards sustainable consumption and production (SCP) patterns.

This side event will provide insights into UNEP's contribution to the post 2015 development agenda based on its recently published discussion paper on embedding the environment in sustainable development goals. Second, the event will to provide updates on the implementation of the 10 Years Framework of Programmes on Sustainable Consumption and Production (10YFP) for which UNEP is serving as Secretariat and administering its Trust Fund. The event will be open to member States and other stakeholders, and UNEP will seek their views and comments .
