Programme for the Prevention, Preparedness and Response to Man-Made and Natural Disasters in the ENPI East Region (PPRD-East)

„Together against disasters“

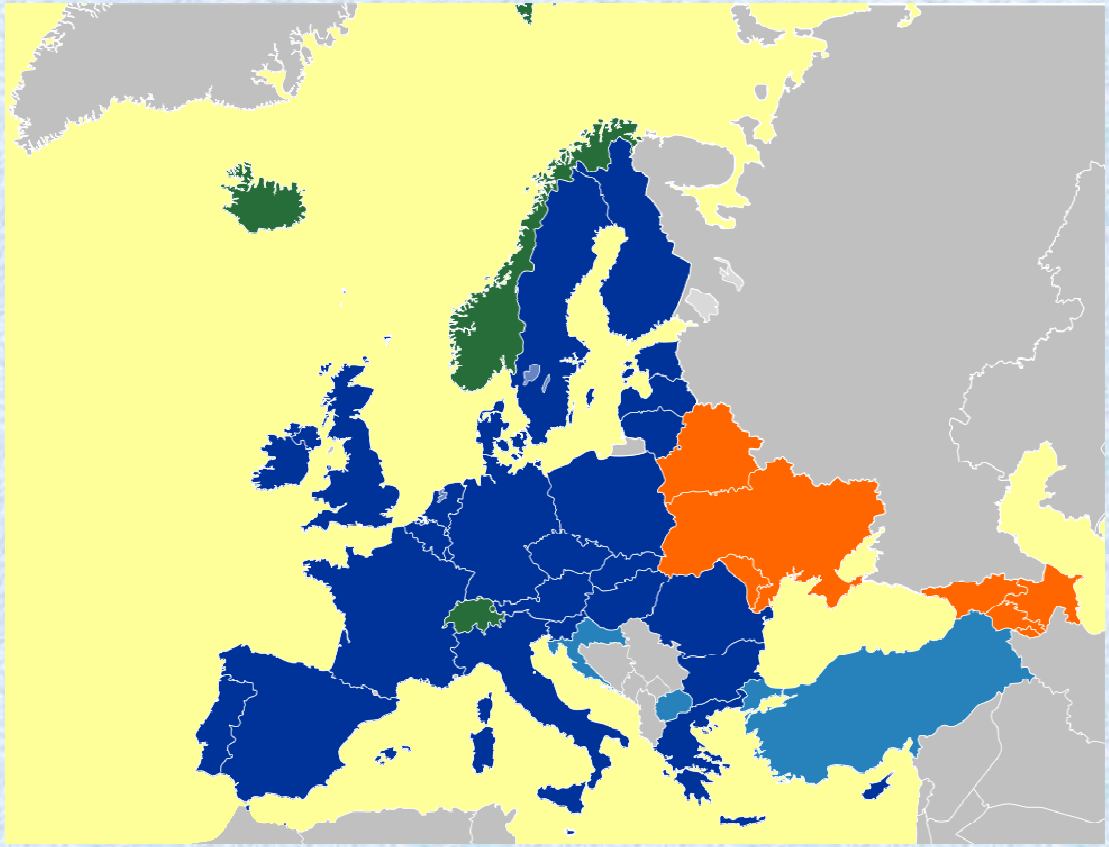
Jevgeni Jutkevits

Team Leader

Kyiv,

11 May 2011

Eastern Partner Countries



Subregions

Eastern Partnership

- New form of cooperation between the EU and Eastern Partnership countries
- PPRD East (Civil Proterction Programme) – one of 6 Flagship Initiatives
- 1st phase – 2010-2014
- **Purposes:**
  - **strengthening civil protection systems through regional cooperation**
  - **bringing Partner Countries closer to the EU Civil Protection Mechanism**

The Consortium

- Eptisa (Spain)
- Parsons Brinckerhoff (UK)
- ICET (Netherlands)
- University of Twente (Netherlands)
- Regional Environmental Centre for the Caucasus (Georgia)
- Mining and Chemical Industry Institute "Girhimprom" (Ukraine)

Backstopping Structure

Phases of the Project

- Inception Phase

  January – June 2011
- Development Phase

  July 2011 – June 2012
- Implementation Phase

  July 2012 – May 2014
- Consolidation and Final Reporting Phase

  June – December 2014

Results to be achieved

- Better knowledge of risk exposure and available resources for enhanced preparedness and response capacities in the region
- Enhanced legislative, administrative and operational CP capacities in the field of prevention, preparedness and response
- Improved information, awareness and participation of stakeholders regarding prevention, preparedness and response
- Partner countries are well informed about the EU CP Mechanism and able to effectively to collaborate with its participating states, incl close cooperation with MIC
- Identification of needs for possible further development of cooperation with Eastern partners following the end of the programme

Inception Phase

- Notification of the beneficiaries and stakeholders in the Partner Countries
- Inception visits to the Partner Countries, meetings with beneficiaries, stakeholders and other actors
- Collection of the baseline information
- Identification of the problems and issues common for the Partner Countries
- Preparation and launch of the Programme web portal www.euroeastcp.eu

Inception Phase

- Establishment of the Steering Committee
- Appointment of the National Programme Coordinators
- Participation in the synergy-seeking meetings and events
- Organisation of the 1st Steering Committee Meeting
- Drafting of the Inception Report
- Drafting of the Work Plan for the Development Phase and outlining general work plan until 2014

Main types of Programme activities

- Development and implementation of risk assessment and prevention/preparedness strategies
- Electronic Regional Risk Atlas (ERRA)
- Civil Protection operational manual
- EU CP Mechanism-oriented training programme
- Seminars and worskshops on specific issues
- Study visits, exchange of experts (demand-driven expertise assistance)
- Table-top and full-scale exercises
- Communication strategy and awareness raising

Looking for synergies

- Ukraine and Moldova – PPRD East Partner Countries
- Many activities have general training character (not specifically country/region oriented)
- Need to avoid duplication with each other's activities (Seveso II trainings)

- Participation of Belarusian specialists in workshops, site visits, training for inspectors and field ex (?)
- Spreading the knowledge, broadening networks
- No financial burden on organisers
- In case of success – same project in Caucasus

QUESTIONS?

Thank you!
