*Abbreviations:* A = Arabic; C = Chinese; E = English; ECE = United Nations Economic Commission for Europe; F = French; N/A = not applicable; R = Russian; S = Spanish.

<sup>a</sup> Original proposal included only English, French and Russian. The Meeting of the Parties to the Convention on the Protection

and Use of Transboundary Watercourses and International Lakes (Water Convention), at its sixth session (28–30 November 2012), decided that this item should be produced, published and printed in all United Nations languages (ECE/MP.WAT/37/Add.1).

<sup>b</sup> At its sixth meeting (27 June 2013, Geneva) the Task Force on Water and Climate requested that this item should be produced, published and printed also in Spanish. At its eighth meeting (25–26 September 2013) it is expected that the Working Group on Integrated Water Resources Management will support the request by the Task Force.
