

# EGTEI – Expert Group on Techno-economic Issues

State of progress in the work of the EG on  
Guidance Document on Mobile Source

Presented by the Co-Chair

**Jean-Guy Bartaire**

to the Executive Body 33rd Session

# 2014–2015 workplan for the implementation of the Convention

## Task 2.2.2

*Develop guidance document on control techniques for emissions of sulphur, NO<sub>x</sub>, VOCs and dust (including PM<sub>10</sub>, PM<sub>2.5</sub> and black carbon) from mobile sources and its translation into Russian.*

An European Commission (DG Environment) project was established (Dec. 2013 – Dec. 2014 ), by service contract to EMISIA and IIASA on :

*‘Best available technologies for emission control techniques on mobile sources’*

# 2014–2015 workplan for the implementation of the Convention

## Task 2.2.2

The preliminary results were presented at the ad hoc meeting held back to back annual meeting of EGTEI, in Brussels on the 9-10 October 2014.

**24 participants** attended the ad hoc meeting including representatives from Parties. Industrial Associations, Transport Authority, civil society and the EU Commission.

## Preliminary results of the work on Mobile Sources

*EMISIA and IIASA presented a draft version of:*

### **Technical review and assessment of emission control techniques on mobile sources**

*(a complete review of the best available technologies, applications, efficiencies etc.)*

### **DRAFT Guidance document on control techniques for mobile sources (Guidance Document to the Gothenburg Protocol)**

*(An initial draft version of the guidance document )*

As usual the draft documents have been examined by the EGTEI experts and comments, amendments, suggestions etc. collected for the review by IIASA/EMISIA to provide the revised draft guidance document.

The final version of the above documents will be released to EGTEI, by the EU Commission, at the end of January 2015.

The guidance document, after its release at end January, will be circulated to EGTEI experts for finalization. If necessary a meeting could be organised by EGTEI in March 2015, in Brussels, for final discussion.

The finalized document should be delivered to the UN Secretariat, on time for submission to the WGSR, at its 53rd session, in December 2015.

As in the workplan 2014-2015 , item 2.2.3, the Guidance Document is expected to be presented to the EECCA countries in an ad hoc workshop.

The final draft guidance document will be submitted for adoption by the Executive Body at its 34th session in 2016
