

EB 34 and 35

EB 34

- Change in the meeting schedule (again)
- Adopted the 2016-2017 workplan – new format

EB 35

- Adopted of the guidance document on mobile sources.
- Decided on a procedure to adopt the guidance document on VOC in dec 2016.
- Time for ratification. Progress report from parties due in November. Continued discussion at the EB in dec.
- Capacitybuilding. The BAT workshop in Berlin much appreciated. Workshop on estimation and measurement of VOC needed. Emission inventories and projections continuously important.
- The financial situation. Particularly worrying for the effects oriented activities (CCE)
- Towards cleaner air – Assessment report 2016.
- Established an Ad hoc group to work on a policy response.

Assesment report launch Brussels 31st of May 2016
