

Planned activities on climate change adaptation under the Water Convention in 2019-2021

4.1.1 *Projects on climate change adaptation in selected transboundary basins: Contributing to the pilot projects in the Chu Talas, Dniester and Neman-Bug*

4.1.2 Exchange of experience through workshops and the global network of basins working on climate change

- * Meeting of the global network of basins working on climate change (likely 1-2 October 2020)
- * Global Workshop on CCA and meeting of the Task Force on Water and Climate (most likely in early 2021 or May 2020)

4.1.3 *Contribution to global policy processes on water, climate and disasters, such as global platform on UNISDR, UNFCCC etc.*

- * Promotion of the *Words into action guide: Implementation Guide for Addressing Water-Related disasters and transboundary cooperation*
- * Contribution to UNISDR global platform on disasters, UNFCCC COPs, WWDR, WWD 2020, UN-Water Expert group on water and climate, July HLPF, Climate action Summit

4.2 Supporting transboundary basins in financing climate change adaptation

- * Promotion of the publication by World Bank, UNECE, INBO etc: *Financing climate change adaptation in transboundary basins: preparing bankable projects*
- * Organization of additional trainings on financing adaptation to climate change, e.g. for Central Asia, Asia and Eastern Europe (autumn 2019, tbc)

Other related activities under the Convention

- * Development of a handbook on water allocation in transboundary basins through a drafting group by 2021, including consideration of water
- * Global workshop on data exchange in transboundary basins, Geneva, 4-6 December 2019
- * Presentation/ sessions on climate change in global, regional and national events on the Convention
- * Supporting intersectoral dialogues and assessments through the application of the water-food-energy-ecosystems nexus approach
