

## Anna Tsvietkova – brief CV

Ms. Tsvietkova received a Specialist Diploma (Master of Science equivalent) in Biochemistry and physiology of plants from Taras Shevchenko National University of Kyiv in 1982.

She worked as an engineer -researcher in the Departments of Algae Physiology and Hydro Toxicology of the Institute of Hydrobiology. the National Academia of Sciences of Ukraine, 1980-1994.

Ms. Tsvietkova worked for Greenpeace Ukraine as Science Unit - Rad-Tox Project assistant: water and sediments contamination analysis (1990-1994), and antinuclear campaigner (1994-1999).

Since 1999 Ms. Tsvietkova is working as Water Program Coordinator for the Ukrainian National Environmental (UNE) NGO "MAMA-86." Her main areas of expertise are public access to information and participation in decision making on water matters at local-national -regional levels; water and health security, drinking water quality monitoring and awareness raising, small scale water and sanitation systems management, eco-sanitation, school WASH and WASH in emergency (military conflict), capacity building on water safety and health, public involvement into implementation of Protocol on water and health (Baseline analysis, National targets setting and reporting, tools and best practices), River Basin IWRM, National policy dialogues; advocacy of the right to water and sanitation; approximation of EU water directives (WFD, Drinking Water Directive, Urban Wastewater Treatment Directive, Nitrates Directive) into Ukrainian legislation, project management.

Ms. Tsvietkova has significant experience on WASH technical solutions implemented by MAMA-86's network to improve access to safe WASH in urban and rural areas for vulnerable consumer groups in Ukraine. She was a speaker or panelist at national-regional-international water events (workshops, policy dialogues, conferences, site events, round tables, forums) and lecturer or trainer for numerous trainings, skill shares and workshops for local communities and local-national authorities on safe WASH, eco-sanitation, self-assessment of access to WASH, right to water and sanitation, EU water legislation and Protocol on water and health, national MDGs and SDGs, Water and Sanitation Safety and RBM Planning.

In 2003-2011 Ms. Tsvietkova was the WSSCC National Coordinator in Ukraine.

Since 2001 as European ECO-Forum Water Issues Group leader and UNENGO "MAMA-86" representative Ms. Tsvietkova is participating in preparation of NGOS' contributions and statements to the "Environmental for Europe" process, Meetings of the Parties to the Water Convention and its Protocol on Water and Health, Meetings of different Working and Expert Groups to the Protocol.

Co-author of 5 scientific articles on water and sediments pollution, biotesting in Hydrobiological Journal 1992-1996.

Co-author of Greenpeace Ukraine case study "Drinking water in Ukraine", Kyiv, 1991.

Author and editor of MAMA-86's publications & reports, including: "Drinking Water in Ukraine: communication and empowerment for local and international actions", 2002; "Manual on public informing and education activity: experience of MAMA-86's Drinking Water Campaign", 2003; "The Models of the technical solutions to improve Ukrainian citizens' access to safe drinking water in urban and rural areas" 2004, "Cooperation for sustainable rural development: drinking water supply, eco-sanitation and organic agriculture" 2006; "Nitrate pollution of water sources in Ukraine: MAMA-86's survey in 2001-2008" 2009.

Co-author of: "Key issues and recommendations for consumer: affordability, social protection, and participation in urban water sector reform in Eastern Europe, Caucasus and Central Asia", OECD 2003 "Sustainable sanitation in Central and Eastern Europe - addressing the needs of small and medium-size settlements", GWP CEE, 2008,

"Guidelines for preparation of the Drought Management Plans", GWP CEE - 2015

"Rethinking of water security for Ukraine" GWP - Ukraine, 2016

"Guide to Public Participation under the Protocol on Water and Health", UNECE 2013,

**“The Equitable Access Score-card: Supporting policy processes to achieve the human right to water and sanitation”, UNECE, 2013**

**“Collection of good practices and lessons learned on target setting and reporting under the Protocol on Water and Health”, UNECE, 2016**

**“Taking policy action to improve small-scale water supply and sanitation systems: Tools and good practices from the pan-European region” WHO RO for Europe, 2016**
