

Agenda item 14

Development of the Convention

UNECE

Convention on the Transboundary Effects of Industrial Accidents

*Eleventh meeting of the
Conference of the Parties*

Item 14. Development of the Convention

The Conference of the Parties took note of the information provided by the Chair that the informal consultations on the draft amendments to the Convention held during the biennium with the Parties concerned (the European Union, Norway, the Republic of Moldova, the Russian Federation, Serbia and Switzerland) revealed that there was no change in the positions communicated at the ninth and tenth meetings of the Conference. It invited the Parties to communicate any future change in positions to each-other and the Chair and the secretariat.

The Conference requested the Chair and secretariat to provide it with any updates communicated on the matter and agreed to consider resuming its considerations on draft amendments to the Convention, as contained in the draft decision amending the Convention (see ECE/CP.TEIA/2016/7) in case of a change in position communicated by the concerned Parties.
