

Supporting intersectoral dialogues and assessments through the application of the water-food-energy- ecosystems nexus approach: ideas for possible future work 2022-24

Mr. Seppo Rekolainen
Ministry of Agriculture and Forestry, Finland
Chair of the Task Force on the Water-Food-Energy-Ecosystems Nexus

6th meeting of the Task Force on the Water-Food-Energy-Ecosystems Nexus
(Geneva, 22-23 October 2020)

Possible nexus activities for consideration

- Continuing the work on identifying solutions as well as implementation (including facilitating identification projects, identification of financing options) of the solutions in some of the regions of past and on-going NEXUS work.
- Support to development and operationalization of cross-sectoral regional strategies with a transboundary character
- Application of the nexus assessment methodology with/through partners?
- Integrated assistance or capacity building about options to address sectoral water demands and reconciling them: water allocation + the nexus
- Continuing the water and renewable energy cooperation, with focus on nexus solutions: Application of the toolkit for policy-makers, dissemination and awareness-raising
- Task Force on WFEEN providing an intergovernmental platform for sharing experience of nexus assessments and the assessment methodology, application of the nexus approach, value of a nexus approach for the 2030 Agenda , strengthening partnership with different sectors
