

Discussion questions – Key highlights of the global and regional developments in monitoring the implementation of SDG6

What **measures** have you taken, or plan to take, to introduce **global SDG6 indicators** in your national monitoring efforts?

How has your country's participation in **global monitoring programmes such as GLAAS and JMP** supported the work under the Protocol?

What should be done to improve the collaboration and **tighten the links** between global monitoring initiatives for SDG6 and the Protocol? What is your experience on using data from the global monitoring programmes in reviewing and reporting progress on the Protocol implementation?
