### **Note by the secretariat**

1. Overleaf are presented updates to the tables A.1 and A.2 on income to the trust fund under the Convention and the Protocol included in annex to the second annual financial report in the period between seventh/third and eighth/fourth sessions of the Meeting of the Parties to the Convention/Protocol that covers the intersessional period extending from June 2017 to 30 June 2019. (The draft third annual financial report extending to 30 June 2020 will be prepared for consideration of the Working Group on Environmental Impact Assessment and Strategic Environmental Assessment at its ninth meeting, upon availability of the data until the end of June).

- Table A.1 Income to the Convention's and the Protocol's trust fund
- Table A.2 Income to the Convention's and the Protocol's trust fund by date

2. Table A.3 highlights also separately the earmarked income to the Convention's trust fund further to the request for additional funding to fill the six-month budgetary gap of US\$ 100,000 as a minimum (to cover staff costs for six months) resulting from the unbudgeted extension of the intersessional period until December 2020. At present (11 August 2020), some US\$ 12,300 of that amount is still missing. (That amount is expected to be nearly covered by the pledged but not yet received contributions of nearly US\$ 11,000).

3. To date, the total income to the Convention's and the Protocol's trust fund, as indicated in tables A.1 and A.2 for the extended 3,5-year intersessional period is US\$ 1,095,022. (The budget adopted by the Meetings of the Parties in June 2017 for a 3-year period 2017–2020 was US\$ 1,183,000).
