

SEA report – case examples

Matthew Cashmore and Martin Smutny

Consultants to UNECE

Baku, 4 – 5 April 2018

Czech Republic

- The Law on Environment Assessment stipulates detailed concept of SEA report (and SEA Competent Authorities requires to follow the structure as provided in the Law)

Czech Republic – content of SEA report

1. CONTENT OF THE CONCEPT, ITS OBJECTIVES AND RELATION TO OTHER CONCEPTS
2. INFORMATION ON THE PRESENT STATE OF THE ENVIRONMENT IN THE TERRITORY CONCERNED AND ITS PROBABLE DEVELOPMENT WITHOUT THE CONCEPT BEING IMPLEMENTED
3. CHARACTERISTICS OF THE ENVIRONMENT IN AREAS THAT COULD BE SIGNIFICANTLY AFFECTED BY THE CONCEPT IMPLEMENTATION
4. ALL PRESENT ENVIRONMENTAL PROBLEMS THAT ARE RELEVANT TO THE CONCEPT, ESPECIALLY THOSE RELATED TO AREAS OF SPECIAL IMPORTANCE FOR THE ENVIRONMENT

Czech Republic – content of SEA report

5. ENVIRONMENTAL PROTECTION OBJECTIVES SET ON THE INTERNATIONAL, COMMUNITY AND NATIONAL LEVELS THAT HAVE A LINK TO THE CONCEPT, AND THE METHOD OF TAKING THESE OBJECTIVES INTO ACCOUNT DURING ITS PREPARATION, ESPECIALLY IN COMPARISON OF THE ALTERNATIVE SOLUTIONS
6. LIKELY SIGNIFICANT EFFECTS (INCLUDING SECONDARY, SYNERGIC, CUMULATIVE, SHORT-TERM, MID-TERM, LONG-TERM, PERMANENT, TEMPORARY, POSITIVE AND NEGATIVE IMPACTS) OF THE CONCEPT'S ALTERNATIVES ON THE ENVIRONMENT
7. EVALUATION OF LIKELY TRANSBOUNDARY EFFECTS
8. REASONS FOR SELECTING THE ALTERNATIVES AND A DESCRIPTION OF HOW THE ASSESSMENT WAS CARRIED OUT, INCLUDING POSSIBLE PROBLEMS RELATED TO COLLECTING OF REQUIRED DATA (E.G. TECHNICAL SHORTCOMINGS OR INSUFFICIENT KNOW-HOW)

Czech Republic – content of SEA report

9. MONITORING INDICATORS
10. MEASURES TO PREVENT, REDUCE OR COMPENSATE ALL SIGNIFICANT ADVERSE EFFECTS LIKELY RESULTING FROM THE CONCEPT IMPLEMENTATION
11. INDICATORS (CRITERIA) FOR SELECTION OF PROJECTS
12. EFFECTS ON PUBLIC HEALTH
13. NON-TECHNICAL SUMMARY OF ABOVE INFORMATION

Czech Republic – content of SEA report

14. SETTLEMENT OF CONCLUSIONS PROVIDED IN THE SCOPING STATEMENT AND ANY OTHER COMMENTS RECEIVED REGARDING THE LIKELY ENVIRONMENTAL EFFECTS

15. CONCLUSIONS AND RECOMMENDATIONS, INCLUDING A DRAFT SEA FINAL STATEMENT

SEA of update to the river basin management plan for the Thames River Basin District (UK)

- Environmental Report has relatively simple structure, however with logical flow
- Still covers all information required by the EU SEA Directive

Environmental Report

Non technical summary.....	3
1. Introduction.....	9
• Draft update to the River Basin Management Plans	9
• The SEA environmental report	10
• Finding your way through this report.....	12
2. Undertaking the assessment	13
• The SEA approach to the draft river basin management plans	13
• Scope and context of the assessment	14
• Assessment method.....	16
• Using ecosystems services for SEA	16
• Alternatives considered	18
• Habitats Regulations Assessment (HRA)	20
3. Environmental context for the plan	22
• The Thames River Basin District	22
• Review of relevant plans and policies within the Thames River Basin District	24

Environmental Report

4. Results of the environmental assessment.....	27
• Draft update to the Thames River Basin Management Plan	27
• Overview of the assessment.....	28
• Main effects of the updated Thames River Basin Management Plan.....	29
5. Summary of results.....	43
• Summary of main effects, mitigations and other effects considered.....	43
• Consideration of the flood risk management plan.....	45
6. Monitoring the effects of the plan.....	46
7. This consultation	48
Next steps	48

Environmental Report

- Annex A: Plans, policies and programmes reviewed for the SEA.....49
- Annex B: Other considerations52
- Annex C: Ecosystems services approach and SEA.....55

Thank you for your attention!
