Strengthening SEA system in Georgia in line with the UNECE Protocol on SEA: SEA screening and scoping for the municipal spatial plans

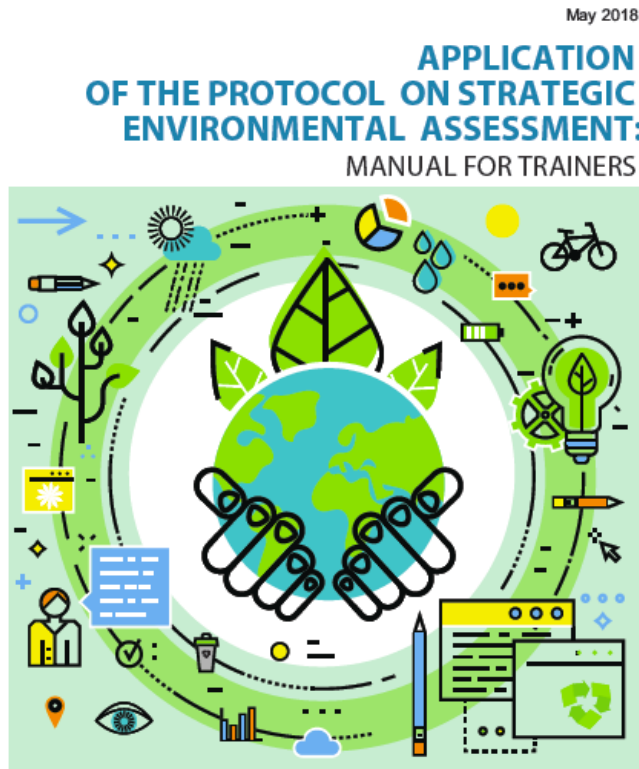

16 – 17 May 2019

Tbilisi, Georgia

PURPOSE OF THE WORKSHOP

- Enhance capacities for application of SEA in Georgia in accordance with requirements of the UNECE Protocol on SEA
- Support implementation of the Environmental Assessment Code
- Support SEA practice, in particular in spatial planning

KEY PRINCIPLES

- Theory and practice
 - Flexibility
 - Active participation
-
- UNECE Training Manual on SEA
<https://www.unece.org/index.php?id=48758>

WHAT DO YOU EXPECT FROM THE TRAINING?

- Please suggest specific topics or questions you would like to be addressed during the training
- Are you familiar with any plan or programme (in your sector or municipality) which could be a candidate for SEA?
