UN General Assembly Resolution 72/222
Reaffirms UNESCO as the lead agency for ESD

Reaffirms education for sustainable development as a vital means of implementation for sustainable development, as outlined in the Aichi-Nagoya Declaration on Education for Sustainable Development, and as an integral element of the Sustainable Development Goal on quality education and a key enabler of all the other Sustainable Development Goals, and welcomes the increased international recognition of education for sustainable development in quality education and lifelong learning;

ESD’s contribution to the achievement of SDGs

1. All ESD activities contribute to the achievement of the SDGs, even without explicit reference

2. ESD can enhance the understanding on sustainable development through communication and advocacy in educational settings on SDGs

3. ESD can promote critical and contextualized understanding of the SDGs by raising questions on the inter-linkages and tensions among different SDGs
