

Water Convention at UNECE

Palais des Nations

8-14 avenue de la Paix

1211 Geneve 10, Swizerland

12 October 2017

Dear Sir/Madam

The Ministry of Environment of Republic of Korea would like to express sincere thanks for all realizing efforts of relevant organizations on SDGs.

Regarding 6.5.2 on transboundary water cooperation, the Korean government is unable to submit the filled-in templet for the current reporting cycle due to special geographical situation between South and North Korea. Even though North Korea is the only country to share rivers with South Korea, we do not have administrative cooperation on water management.

Sincerely,

Mr. Jeong Kyeong-Yun

Director

Water Environment Policy Division

Ministry of Environment

Republic of Korea
