2. Opening statements
3. Activities of the Steering Committee under the Protocol on Water and Health
4. River basin plans in Kyrgyzstan
5. Key findings and draft recommendations of the project - "Supporting National Policy Dialogue on Strategic Financial Planning for Water Resource Management in Kyrgyzstan: Pilot Project in Issyk-Kul Basin"
6. Experience of international and other organizations in implementing IWRM in Kyrgyz Republic and perspectives in cooperation under the National Water Policy Dialogue
7. Decision-making of the Steering Committee meeting
8. Closing of the Steering Committee meeting

The agenda of the seventh Steering Committee Meeting is presented in Annex 2.

Participants of the Steering Committee Meeting have made the following decisions and recommendations on the issues of Agenda:

1. To take notice of the information on activities of the Working group on basin plan development and target setting under the Protocol on Water and Health in Chu and Issyk-Kul Rivers Basins. In order to effective interaction in projects implementation to create under the Steering Committee common Working group on target setting under the Protocol on Water and Health in Kyrgyzstan on the basis of two pilot river basins.

2. To take notice of the heard results of preliminary analysis on target setting under the Protocol on Water and Health. In the month consultants should finalize preliminary analysis results subject to comments and suggestions made on meeting and to provide to the leadership of the Steering Committee for organizing the discussion among the concerned ministries and agencies, first of all, at meetings of the Working Group. In further work under the Protocol on Water and Health in Kyrgyzstan as a priority to consider 9 target areas of the protocol that are presented in Annex 3.
3. To create a Web page with information about the activities on target setting under the Protocol on Water and Health in Kyrgyzstan.
4. To take notice of the Concept development plan of Chu river and the main provisions of the construction of models of formation and distribution of water resources and the structure of the basin database. Consultants to work out and submit to the next Steering Committee Meeting detailed project proposal on Chu river basin plan development.
5. To take notice of the key findings and draft recommendations of the project - "Supporting National Policy Dialogue on Strategic Financial Planning for Water Resource Management in Kyrgyzstan: Pilot Project in Issyk-Kul Basin". To ask the meeting participants to submit their comments in writing to the project document of the pilot project within six weeks to the secretariat of the Steering Committee.
6. To take notice of the information presented by the UNECE of the achievements in the Pan-European region for 20 years of work under the UNECE Water Convention, as well as detailed information on work done in the water sector in Central Asia and in Kyrgyzstan particularly presented by the chairman of the Steering Committee Meeting.
7. To take notice of the information about the EU, UNDP, GIZ, SDC, OSCE projects implemented in water sector of Kyrgyzstan. To note with pleasure the coordination role of National Dialogue in coordination activities of the international organizations in water sector.
8. The Steering Committee welcomes participation in the meeting the representative of the National Policy Dialogue in Tajikistan and is considering the possibility of further cooperation and exchange of experience among countries through national dialogue. For this purpose, it is recommended to send a representative of the leadership of the Steering Committee to attend the next meeting of the Steering Committee in Tajikistan, scheduled for May 25, 2012.
9. To ask the leadership of the Steering Committee to submit a summary report containing key recommendations on the activities of the National Dialogue on Water Policy in Kyrgyzstan. The report also must indicate the expected support from interested partners and international organizations in a phased implementation of the recommendations.
10. To ask the leadership of the Steering Committee to present the main results of National Water Policy Dialogue in Kyrgyzstan at the annual meeting of the Working Group of the European Water Initiative EECCA in July 2012
11. The next Steering Committee meeting within the frame of National Water Policy Dialogue in Kyrgyzstan in the sphere of integrated water resources management to be held on October, 2012 in Bishkek
