Implementation of a pilot project in Grodno to create an eco-compatible residential quarter

Ministry of Architecture and Construction of the Republic of Belarus
Tools for the implementation of the Recommendations given by international experts in the Country Profile:

1). Conducting seminars, conferences, educational programs aimed at analyzing the achievement of the SDGs, the implementation of the Agenda for Sustainable Development by 2030, the New Urban Development Program, the Geneva Charter on Sustainable Housing, studying international and national best practices;

2). Implementation of specific projects to follow the Recommendations at the national, regional and local levels;

3). Annual report on the implementation of the Recommendations at the sessions of the Committee on Housing and Land Management and other UNECE events in Geneva.
