Growing importance of cities

Netherlands is doing well, but...

Labour productivity growth in five Dutch FUAs, 2000-10

	Growth rate labour productivity	Growth rate per capita GDP	Growth rate population
Netherlands FUA large (>1.5 million)	0.60%	0.75%	0.91%
Netherlands FUA metro (500 000-1.5 million)	0.43%	0.54%	0.63%
Netherlands (country)	0.74%	0.93%	0.44%
OECD 19 (FUA) ¹	1.10%	1.00%	0.93%
OECD (28 countries) ²	0.99%	1.00%	0.59%
