Follow-up of ICPD Beyond 2014

2018: Regional reviews

Approximately 100 national reports around the world

5 data-driven regional review reports

5 intergovernmental conferences, August - November

Close collaboration between Member States, RECs, UNFPA
other regional institutions, CSOs

2019: CPD 52 theme, “Review and appraisal of the Programme of Action of the ICPD and its contribution to the 2030 Agenda”

Linking the regional and global reviews

Outcomes of the regional reviews, including the review reports, should be transmitted to the UN Commission on Population and Development

Reports of the Secretary General for the CPD will be based on the findings and outcomes of the regional reviews

Member State deliberations at the regional conferences, together with the strong evidence base of the regional reviews, can support deliberations and leadership at the CPD

Linking ICPD and the 2030 Agenda

2030 Agenda resolution calls for review to be supported by reviews of the ECOSOC functional commissions – CPD is one

Profound links between ICPD and the 2030 Agenda

SDGs, e.g., 1, 3, 4, 5, 8, 10, 11, 13, 17, are addressed in depth in the Programme of Action and the ICPD Beyond 2014

Evidence base from the regional and global reviews of ICPD will be vital for understand how to achieve the aims of the 2030 Agenda, how to address lagging areas, and how to reach the furthest behind

Transmitting results:

Regional reviews should inform the Regional Sustainable Development Forums, and Voluntary National Reports as appropriate
Global review and CPD outcomes to inform the HLPF

ICPD is Central to the 2030 Agenda

“...the core message of the ICPD PoA: investing in individual capabilities, dignity and human rights, across multiple sectors and throughout the life course, is the foundation of sustainable development.”

ECE Regional Review Report, page 12

A profound truth that is the basis of the human-centred approach that defines sustainable development. ICPD can carry this to and ensure it in the 2030 Agenda.

ICPD+25

The 25th Anniversary of the Programme of Action is a vital global opportunity to:

Recommit to fulfilling our aims

Celebrate gains

Advance progress

Beyond the CPD, this means engaging all of ICPD's stakeholders:

Governments, civil society, the private sector, people who are the intended beneficiaries: young, old, female, male, migrant, indigenous, disabled, LGBT, and more

UNFPA is working with partners to create or add to existing forums throughout 2019 to do so, and we are building on the 50th anniversary of the founding of UNFPA to raise attention to ICPD and our partners.
