

Action Plan for National System Development

UNECE Workshop, Armenia, 2-4/5/2015

Dr Chris Dore
Emma Salisbury

Contents

1. Recap on open questions
2. Identifying improvements
3. Action plan

Open Questions

Team and Funding

- Where is the current “home” of the inventory team?
- Co-ordinated with the GHG inventory?
- Does the team have the required expertise?
- Can you name the team!?

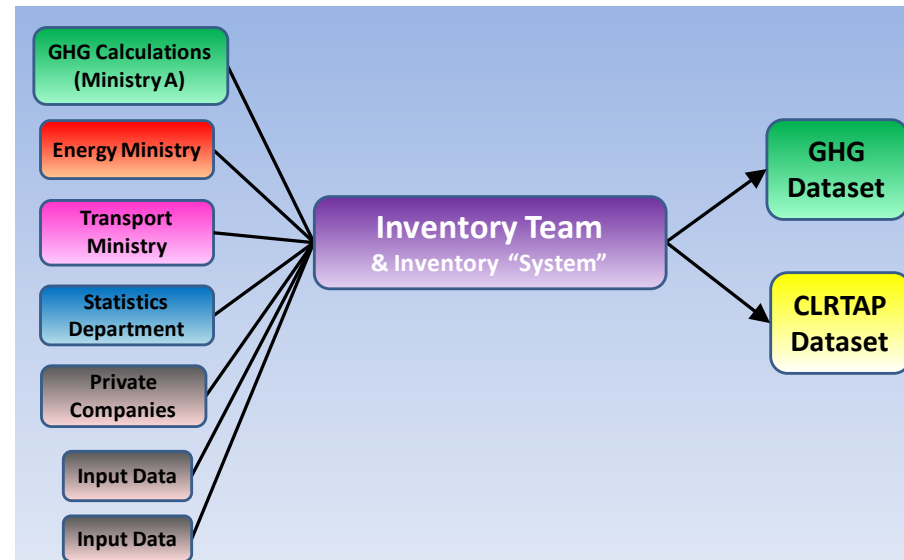

- Does there need to be more resource for the inventory team?
- Is there long-term funding commitment?

Open Questions

Co-ordination and Input Data

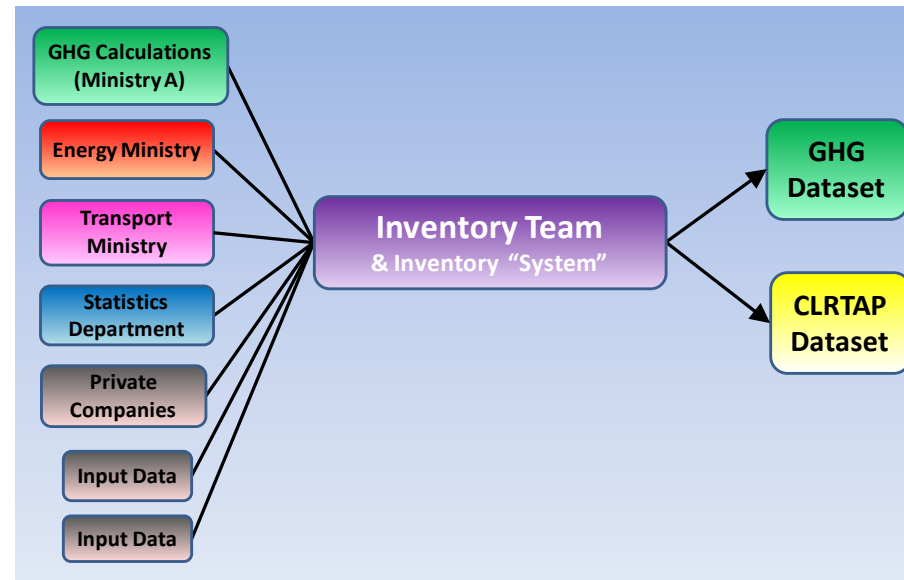

- Does this team have high-level Government support?
- Secured data providers?
- Who provides data on...?
 - The annual fuel balance
 - Power stations
 - Industry
 - Road transport
 - Other transport
 - Agriculture
 - Waste

Open Questions

QA/QC

- Is the work well referenced, traceable etc.?
- Checking procedures in place?
- Could you get through an independent audit?

Action Plan for Improvement

Key Actions

- ?
 - ?

- Are we brave enough to set some targets/goals!?
