

Population projections

Recommendations on communicating population projections

STATISTICS

Outcome of the CES consultation

Population projections

STATISTICS

- Replies from 46 countries and 3 international organizations
- All consider the recommendations ready for endorsement
- Substantive comments reviewed by UNECE Task Force on Population Projections, selected amendments suggested
- Many countries underlined that the recommendations provide useful guidance and stressed their value:
 - Australia: "A comprehensive list of good practices and recommendations on effectively communicating population projections is provided here... The recommendations will be useful for projection-users worldwide"
 - Norway: "The whole document is very well written, with a good structure, useful examples and a clear language – in itself a good example of communicating!"
 - United Kingdom: "This is a well written comprehensive guide on disseminating projections with many very useful examples"

2

The Conference is invited to:

STATISTICS 

- Endorse the *Recommendations on communicating population projections*
- Advise on the way forward for implementing the recommendations
