**Meeting of Expert Group on
Measuring Quality of Employment
6 – 8 November 2019**

Proposal for future work

The participants of the 2019 MQE Expert Group meeting suggested the following topics for future work of the Steering Group:

1. Implementation of requirements from new international classifications and standards, like:
 - ◆ 19th and 20th ICLS
 - ◆ Guidelines on measuring skills mismatches
 - ◆ Guidelines on international labour migration
 - ◆ Guidelines on international labour mobility
2. Analysing the need for harmonising with other existing frameworks (SDGs, Decent Work, QWE, etc.)
3. Collection and analysis of further feedback on the Handbook

The participants of the 2019 MQE Expert Group meeting suggested the following topics for future work of the Steering Group:

4. Work on specific indicators, such as:
 - ◆ Currently working on: teleworking, experimental indicators
 - ◆ Future: new indicators / new forms of employment
5. Further promotion of the framework
