

# The role of the National Statistical Service of the Republic of Armenia in the processes of SDGs implementation, coordination and national reporting

Anahit Safyan and Yurik Poghosyan, Members, State Council on Statistics,  
National Statistical Service of the Republic of Armenia

12-13 April 2017, Geneva, Switzerland

1

## Coordination Mechanism

### Organizational arrangements

- National Council for Sustainable Development of Armenia, Supervisory and Management Unit, Prime-Minister of RA
- Interagency Commission coordinating the Sustainable Development Process in Armenia, Advisory body, First Deputy Minister - Chief of Government Staff, with the cooperation of the Ministry of Foreign Affairs of RA

2

## Regulating Working groups to Interagency Commission

- Social
- Economic
- Environmental
- Legal and democratic equality

Co-Chairs, Deputy Ministers of the relevant spheres

**The National Statistical Service of the Republic of Armenia is represented in all the groups, coordinates the introduction, calculation of indicators and reporting.**

3

## Nationalization of SDGs

Stage 1. Priority definition

Stage 2. Integration

Stage 3. Localization

Stage 4. Monitoring

Stage 5. Results reporting

*According to SDGs Global Framework countries should be accountable on all SDGs, but the targets and indicators could be selected and adapted to their situation and priorities.*

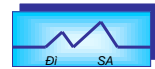

4

## Gap analysis

### Self-assessment

- ❖ 105 (42.9 %) indicators, fully compliant with the definition
- ❖ 94 (38.4 %) indicators, mostly compliant with the definition
- ❖ 34 (13.8 %) indicators, partly compliant with the definition
- ❖ 12 (4.9 %) indicators, problematic

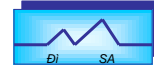

### Self-assessment on data availability

78% available data, of which

- 44% available and published
- 7% available and published, but definition differs
- 20% available, but requires additional database development
- 14% could be collected, but requires new mechanisms and tools
- 15% needs to be checked for the methodological correspondence

## Challenges

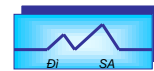

Lack of:

- methodology
- data and data sources
- level of disaggregation
- quality of administrative registers
- institutional infrastructure

## Recommendations

- Enhancing the coordination at international and national levels
- Strengthening statistical capacity
- Development of an action plan for the implementation of national-level indicators and establishment of reporting systems
- Training on SDGs.

# Thank you
