

New SDG Data Dissemination Approaches

Armenia experience

Workshop on Reporting and Communicating SDG Statistics
 16 -17 April 2018, Geneva

Anahit Safyan
 Member, State Council on Statistics
 National Statistical Service of the Republic of Armenia (NSSRA)

1

National Coordination Mechanisms

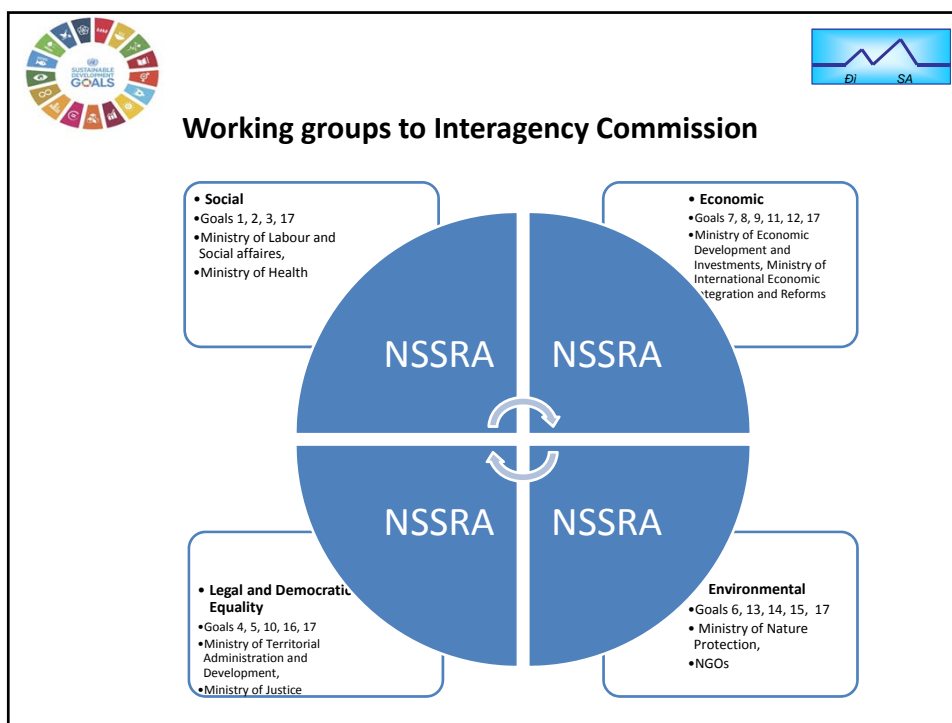

Road Map to Nationalize
the 2030 Agenda for
Sustainable Development
in Armenia

National Council on Sustainable
 Development of Armenia,
 Prime-Minister of RA

Interagency Commission
 coordinating the Sustainable
 Development Process in Armenia,
 Deputy Chief of Government Staff

Working groups to Interagency
 Commission

2

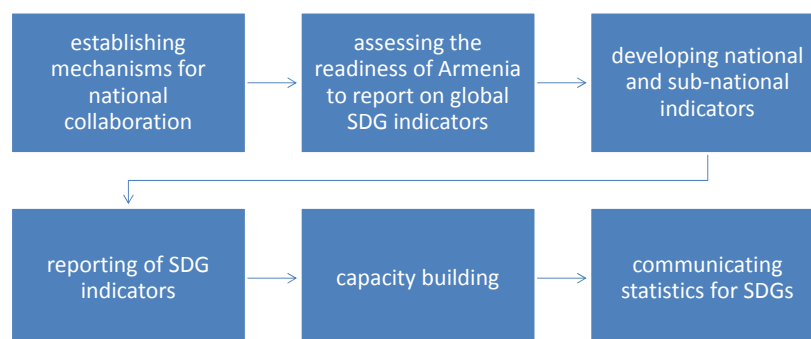

Data availability

78% available data, of which

Road Map on Statistics for SDGs

Capacity building

- Donors support to strengthen a statistical capacity, including capacity of administrative registers
- **UNDP+UNFPA+UNICEF (knowledge)**
- **UNFPA - National Reporting Platform (NRP)**
- **National workshop on statistics for SDGs in Armenia**
– preparing a road map with key stakeholders, 12 October 2017, Yerevan, Armenia - **UNECE**
- Share of countries experiences and new approaches.

7

Communicating statistics for SDGs

<http://www.armstat.am/en/?nid=655>

- First step
 - published table with the SDGs indicators in Excel format at the NSSRA website, including all available data, with time series from 2015 onwards, and definitions of indicators and data sources
- Second step
 - developed web-based NRP for SDGs indicators

8

National Reporting Platform

NRP is a tool for disseminating and reporting national statistics for the global SDG indicators that provide the framework for monitoring progress towards SDGs.

NPR

- comparable, timely, transparent and publicly accessible
- user-friendly.

9

Armenia SDGs Indicators - Draft (Excel)

Studying the experience of developing a **National Reporting Platform** for the US SDGs indicators and **Training Materials**, the NSSRA has developed a similar platform for Armenia, which is an integrated website (databases and IT infrastructure to collect, maintain and disseminate information). A platform is a tool of national statistics, metadata, and related information for the global Sustainable Development Goals indicators.

To conform with the UN Fundamental Principles of Official Statistics, the Platform has the following minimum characteristics:

- is managed by national statistical service
- features official statistics and metadata according to established standard methodology
- is publicly accessible
- allows for feedback from data users
- features open source (free) technology.

This platform was developed by the NSSRA with the support of the UNFPA Armenia Country Office.

Armenia SDGs indicators

Goal 1. End poverty in all its forms everywhere

Global metadata documentation on all indicators in Goal 1

- 1.1.1 Proportion of population below the international poverty line, by sex, age, employment status and geographical location (urban/rural)
- 1.2.1 Proportion of population living below the national poverty line, by sex and age
- 1.2.2 Proportion of men, women and children of all ages living in poverty in all its dimensions according to national definitions
- 1.3.1 Proportion of population covered by social protection floors/systems, by sex, distinguishing children, unemployed persons, older persons, persons with disabilities, pregnant women, newborns, work-injury victims and the poor and the vulnerable
- 1.4.1 Proportion of population living in households with access to basic services
 - 1.4.1.a Centralized water supply
 - 1.4.1.b Centralized sewerage system
- 1.4.2 Proportion of total adult population with secure tenure rights to land, with legally recognized documentation and who perceive their rights to land as secure, by sex and by type of tenure
- 1.5.1 Number of deaths, missing persons and directly affected persons attributed to disasters per 100,000 population
 - 1.5.1.a Number of deaths, temporarily evacuated and directly affected persons attributed to disasters per 100,000 population by types of disasters
- 1.5.2 Direct economic loss attributed to disasters in relation to global gross domestic product (GDP)
- 1.5.3 Number of countries that adopt and implement national disaster risk reduction strategies in line with the Sendai Framework for Disaster Risk Reduction 2015-2029
- 1.5.4 Proportion of local governments that adopt and implement local disaster risk reduction strategies in line with national disaster risk reduction strategies
 - 1.a.1 Proportion of domestically generated resources allocated by the government directly to poverty reduction programmes
 - 1.a.2 Proportion of total government spending on essential services (education, health and social protection)
 - 1.a.3 Sum of total grants and non-debt-creating inflows directly allocated to poverty reduction programmes as a proportion of GDP
 - 1.b.1 Proportion of government recurrent and capital spending to sectors that disproportionately benefit women, the poor and vulnerable groups
