

UN SDGs - Ireland's innovative approach using geospatial visualisation

UNECE - 3rd Expert Meeting on statistics for SDGs 15-16 April 2019,
Geneva, Switzerland

Presenter: Dr Mary Smyth
Sustainable Development Goals & Indicator Reports,
Central Statistics Office, Ireland

UNSD/Esri Research Exercise

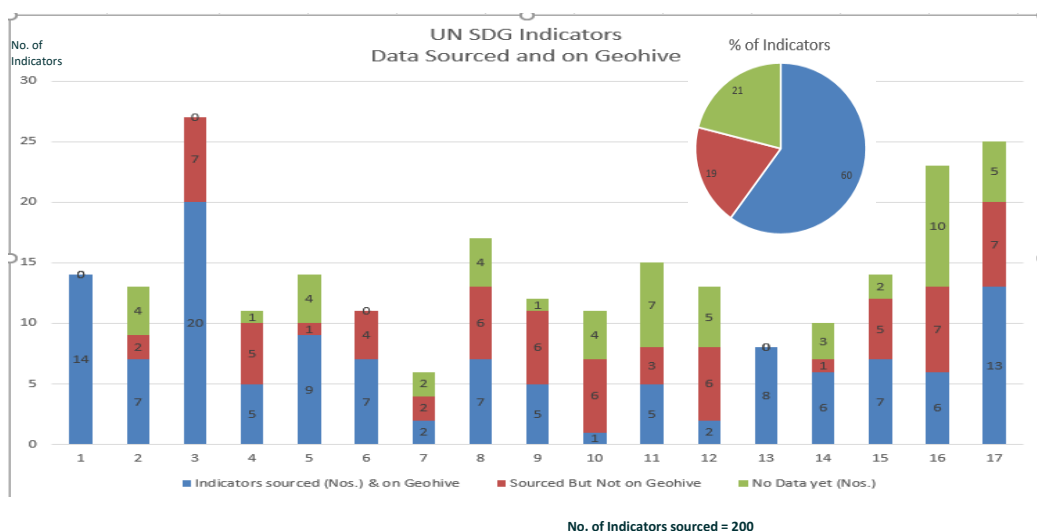

- Irish Central Statistics Office (**CSO**), Ordnance Survey Ireland (**OSi**) and **Esri Ireland**, are currently participating in the **UNSD/Esri Research Exercise**.
- Commenced in May 2017 with a goal to develop and deploy a new approach for monitoring the UN SDGs using GIS
- “Geospatial potential of statistical data.”

SDG Platform

- <http://irelandsdg.geohive.ie/>
- **200+ indicators**
- **100+ Spatial datasets** (NUTS 3, county and census local area geography).
- The information contained on this portal will inform Ireland's progress against each Goal.
- Launched in November 2017
- Built to host UN, EU and National SDG Indicator values

www.cso.ie

www.cso.ie

Role of the CSO

The CSO's central role in the data needed to meet the requirements of the SDG Indicators :

- identification
- management, and
- Presentation

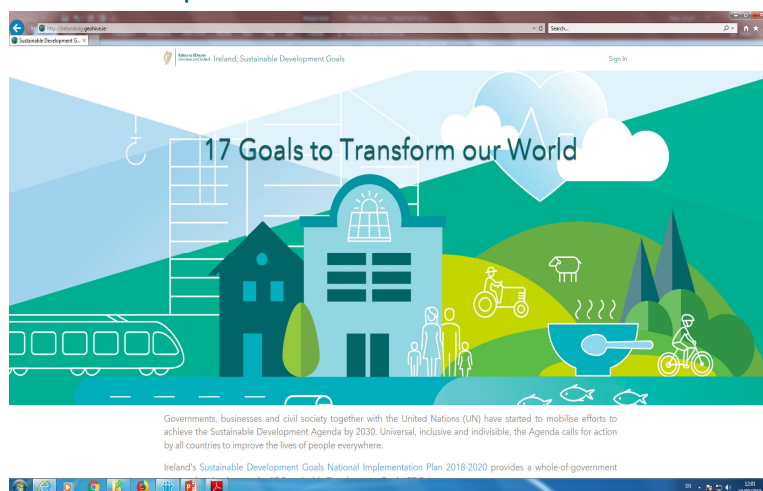

of the data needed to meet the requirements of the SDG Indicators.

www.cso.ie

Ireland's SDG portal

<http://irelandsdg.geohive.ie/>

Ireland's public platform for exploring, downloading and combining publicly available data UN, European Union (EU) & National SDGs.

Launched: 2nd November 2017

Portal will inform Ireland's progress against each Goal

Site well received by:
Government
Public Sector
Civil Society

Department of Communications, Climate Action and Environment (DCCAE) has responsibility for officially reporting on Ireland's progress towards meeting national SDG targets.

Governance

Established a OSi/CSO/Esri Ireland **data governance team** which holds weekly meetings.

In addition, the CSO established a national UN SDG Indicators Data Governance Board (UNSDGDGB) consisting of various stakeholders from Government Departments and Agencies, which meets on a quarterly basis.

The UNSDGDGB has responsibility for:

- metadata,
- business glossaries,
- lifecycle management, and
- data quality.

www.cso.ie

Governance, ctd.

There is also a UN SDG Civil Service Senior Officials Group, chaired by the DCCA, which both the CSO and OSi are members.

- This group is charged with developing the official reports on Ireland progress toward the SDG Goals.
- Subsets of this group have official responsibility for the policy aspects of individual Goals.
- All the story maps on the Ireland's SDG portal are presented to this group for feedback prior to release, most especially if there is a policy aspect to a narrative.

Regional SDGs Ireland 2017

Embracing the experiences gained from working on the UNSD/Esri research project, the CSO's SDG team has also developed an electronic SDG publication with a national focus.

This publication is an update of a previous publication, "*Regional quality of life in Ireland 2013*" and is an exemplar of Irish SDG publications which will be complementary our SDG reporting platform.

This publication has been very well received across all sections Government and social society. Its design will inform future Irish VNRs.

It can be found here:

Regional SDGs Ireland 2017

HIGHLIGHTS IN MAPS

Poverty, employment, education

One in four people (25.7%) living in the Border region was at risk of poverty in 2017. The at risk of poverty rates in Dublin (11.7%) and the Mid-West (12.9%) were less than half the rate of the Border region.

The highest employment rate in 2017 was in the South-West at 70.1% followed Dublin at 69.1% while the lowest was in the Midland region at 59.4%.

One in three people nationally whose full-time education has ceased had a third level qualification. This proportion was highest in Dublin at 40.7% and lowest in the Midland region at 26.4%.
