Law on Environmental Protection, which prohibits the introduction of all kinds of waste. The Framework of the Law on Environmental Protection, art. 73 "There are prohibited the introduction of waste and the residuals of any nature, crude or in processing state, due to temporary storage, deposit, processing, spreading on ground, water or their destruction. Customs authorities are obliged to control and to be responsible for applying of present article concerning import and transportation of waste and the residuals of any nature on the territory of the Republic of Moldova." A similar article is included in the range of other laws concerning wastes.

New amendments for the Environmental Protection Law, nr 1515 – XII from 16 June 1993. According to new amendment of the article 73, it is allowed to import the paper waste, waste glass mentioned in the annex, for utilization at the existing factory in the country.
