PREPARATIONS FOR
REPUBLIC OF UZBEKISTAN 2022
POPULATION CENSUS

Galina Shcherbakova,
UNFPA consultant

Workshop on Population and Housing Censuses,
16 - 17/09/2019, Geneva
Population census is the main information source on population: its size, territorial distribution, socio-demographic, ethno-cultural and economic characteristics

2020 World Population and Housing Census program

Urges UN Member States to conduct at least one population and housing census between 2015 and 2024

Conduct next censuses in the CIS member states as close as possible to 2020, preferably between October 2019 and October 2020

46th Session of the UN Statistical Commission

United Nations Economic and Social Council resolution 10.06.2015

Decision of the Council of Heads of State of the CIS September 16, 2016 Bishkek
UZBEKISTAN POPULATION CENSUS

- First census in 30 years
- Last census was taken in 1989

Decree of the President of the Republic of Uzbekistan dated 05.02.2019 No. UP-5655 “On approval of the Concept of conducting a population census in the Republic of Uzbekistan in 2022”

The program of comprehensive measures to conduct a census in 2022 in the Republic of Uzbekistan
UNFPA SUPPORT OF UZBEKISTAN IN PREPARING POPULATION CENSUS

- The potential of the State Statistics Committee of the Republic of Uzbekistan for the census in 2022 based on the methodology of the U.S. census Bureau was assessed.
- The draft law on the census of the Republic of Uzbekistan was considered by one of the leading experts on the planning and conducting of the census.
- Technical support was provided to the NSO of the Republic of Uzbekistan in the development of a plan and budget for the census involving a consultant from the Russian Federation.
- A round table discussion on the census in the Republic of Uzbekistan was held with the participation of representatives of government, scientific, research, educational centers and international organizations.
