

## CES Workshop on HRMT

The third Workshop on Human Resources Management and Training will take place in Budapest, 5-7 September 2012, hosted by the Hungarian Central Statistical Office.

It is organized by UNECE, Statistics Netherlands and the Central Statistical Office of Poland, with support from EFTA and on the initiative of the Bureau of the Conference of European Statisticians (CES).

The Workshop will discuss both current and future needs and challenges in HRMT, and aims to provide support to countries in terms of developing collection of good practices and guidance on HRMT.

## Stages of development of HRM and Training in National Statistical Institutes

## Topics to be discussed during the Workshop:

### Cross-cutting issues:

- Strategic personnel planning
- Knowledge management

### Training:

- Training programme (policy and evaluation)
- International Masters in official statistics
- E-learning
- Training new recruits
- Management development

### Human Resources Management:

- Recruiting
- Mobility
- Development plans and competence mapping
- Performance review
- Work environment
