

GSBPM: 12+ years of implementation!

Gary Dunnet (Stats NZ, New Zealand)

*email****Abstract***

This presentation looks at our implementation and use of the GSBPM over the 12 years that we have been using it, and where we use it now. The presentation will discuss some of the challenges we have encountered in its use and adoption. Finally, we put forward a few thoughts on future directions for the GSBPM, in relation to the GSIM, GAMS0 & CSPA suite.
