4. Each subgroup visits www.statistical-services.org
5. Log in, then create a new service (your CSPA expert can help you):
 1. Something that exists in your organization and could (perhaps) be shared *or*
 2. An example from the CSPA session yesterday *or*
 3. Something from <https://github.com/SNStatComp/awesome-official-statistics-software>
6. If you don't have a login, try to define the service on paper with an existing catalogue item as an example.
