Supporting Standards Group- Chair

The ModernStats Workshop

Under the auspice of the High-Level Group for the Modernisation of Official Statistics (HLG-MOS)

The workshop aims to:

- Promote the use of ModernStats models;
- Increase the understanding of the interrelationships between the ModernStats models;
- Facilitate the sharing of experiences, ideas and plans for modernising statistical production by implementing these models;
- Identify opportunities for international collaboration activities.

The ModernStats Workshop

Sharing tools

The goal of the group is to provide implementation support for CSPA and promote sharing of methods, models and tools.

Supporting Standards

The goal of the group is to find ways how to develop, enhance, integrate, promote, support and facilitate implementation of **the range of standards needed for statistical modernisation (GAMSO, GSBPM and GSIM)**
