# Forests in Austria – some facts

## Леса Австрии – некоторые факты

- *Forest Europe Ind. 1.1 Forest Area (зона лесов):* 3,99 Mio ha, 47,6% forest cover
- *Forest Europe Ind. 3.1 Increment and Fellings (прирост и срубы):* Increment: 30 Mio m<sup>3</sup>, Fellings: 25 Mio m<sup>3</sup> (82%)
- *Forest Europe Ind. 6.1 Forest Holdings/Ownership (владение лесом):* 50% small scale private forest owners, 22% large scale private forest owners, 15% public forest owners, 13% other owners
- *Forest Europe Ind. 6.8 Trade in Wood (торговля лесом):* Imports: 5.7 billion Euro, Exports: 9.1 billion Euro

# The initiation of a forest policy process in Austria

## Начало процесса лесной политики в Австрии

- 2003 Start of the **Austrian Forest Dialogue**
- 2004 Indicator wish list
- 2005 Approval of the **Austrian Forest Programme**
  - incl. Work Programme
  - incl. **92 Indicators** (at least one for each goal agreed in the Guiding Principles in order to control their fulfilment).
    - Broad participatory process of all forest related stakeholders; 6 WGs acc. to the 6 FOREST EUROPE criteria → indicator wish list
    - Subsequent revisions by a small group of indicator and data experts

# The Austrian indicator process

## Процесс Австрии по индикаторам

Year	Number of indicators	Available data	Thresholds & Targets
2004	345	-	-
2005	92	42	-
2006	97	65	47
2009	72	49	54
2011	70	67	67
2014	74	71	71
2015	62	60	58
2016	64	55	60

**Indicator application: *Monitor and report on the state and trends of the forest sector***

**Применение индикаторов: *отслеживать и отчитываться по состоянию и трендам лесного сектора***

**The Austrian C&I set is the basis for the Austrian Forest Report:**

**Австрийские КиИ – это база Отчета Австрии по Лесам**

- **7 criteria** → 6 FOREST EUROPE criteria, 1 additional criterion (Austria's international responsibility for SFM)
- **64 indicators** → 32 FOREST EUROPE ind., 32 national ind.
- **Actual data for 55 indicators**
- **Part of the data is also reported to FOREST EUROPE, UNECE, FAO, CBD, Kyoto, EEA, EUROSTAT, OECD**

## **Indicator application: *Assess progress towards SFM*** ***Применение индикаторов: Оценка прогресса к УЛП***

- **Available & actual data for 55 (of 64) indicators**
- **Most data is presented in time series, e.g. based on the past 3 national forest inventories**
- **Agreed thresholds/targets for 60 indicators**
- **Indicative assessment of the chronological indicator development (not for the evaluation of the state)**
  - **No progress, unfavourable development of the indicator**
  - **Some progress but not enough to reach the threshold/target**
  - **Sufficient progress regarding the achievement of the targets**
- **15 headline indicators**

# Examples for additional national indicators

## Примеры дополнительных национальных индикаторов

### **Criterion 3: Productive Functions and economic aspects of Austrian Forests**

#### **Критерий 3: Продуктивные функции и экономические аспекты Австрийских Лесов**

##### 9 Indicators:

- 3.1 Increment and fellings (приросты и рубки) (FOREST EUROPE Ind. 3.1)
- 3.2 Roundwood (круглый лес) (FOREST EUROPE Ind. 3.2)
- 3.3 Non-wood goods (не древесная продукция) (FOREST EUROPE Ind. 3.3)
- 3.4 Services (услуги) (FOREST EUROPE Ind. 3.4)
- 3.5 Forests under management plans (леса под планами по управлению)
- 3.6 Satisfaction of the timber demand from Austrian forests (удовлетворение запросов древесины со стороны Австрийского леса)
- 3.7 Forest Plans (Лесные планы) (for protective forests)
- 3.8 Share of timber from illegal logging (доля древесины от незаконных рубок)
- 3.9 Certified forest area (сертифицированная территория леса)

## Examples for additional national C&I cont.

### Примеры дополнительных национальных КиИ прод.

#### **Criterion 7: Austria's international responsibility for SFM**

#### **Критерий 7: Международная отчетность Австрии по УЛП**

#### 4 Indicators (4 индикатора):

- 7.1: Number of and budget of development cooperation projects with a focus on SFM
- 7.2: Austrian contribution to an international and multilateral Forest Governance
- 7.3: Public funds for forest related international organisations and for the participation of Austrian experts in forest related international bodies, boards or committees
- 7.4: Austrian contribution to combat illegal logging
- 7.5: Multilateral cooperation agreements

15 Indicators

**Criterion 4**  
Biodiversity in  
Austrian forests

**Criterion 3**  
Productive  
functions of  
Austrian forests

9 Indicators

5 Indicators

**Criterion 5**  
Protective  
functions of  
Austrian forests

**Criterion 6**  
Socio-economic  
functions of Austrian  
forests

Total 64  
Indicators

**Criterion 2**  
Forest ecosystem  
health and vitality

5 Indicators

21 Indicators

**Criterion 7**  
Austria's  
International  
Responsibility for  
SFM

**Criterion 1**  
Contribution of  
Austrian forests to  
climate protection

5 Indicators

4 Indicators

**Sustainable  
Forest  
Management**
