# Difficulty with trade codes

- Fibreboard
  - Hardboard
  - MDF including HDF
  - Other fibreboard
    - Softboard/Insulating board
    - Mediumboard
- Production data is available
- However, accurate trade data is difficult to find

# Questions for the Working Party

- Can we split data for fibreboard into MDF & HDF?
- Should we do so?
- How can we improve trade data for all fibreboard?
